This comprehensively revised and expanded new edition of David Lawrenson`s best-selling book shows you how to buy the right property in the right location (including abroad), and how to maximise yield and capital gain - whatever the state of the market. It includes advice on: Getting the best possible deals from developers and private sellers, and at auctions; Managing issues such as tax, mortgages, credit rating, insurances, damp, flood risk, and letting agents; Complying and keeping up-to-date with all laws and regulations; Avoiding tenants from hell. This new edition reflects the current market as well as up-to-date information on mortgage availability, licensing and HHSRS regulations; the Green Deal re-launch; squatting laws; tenancy deposit schemes and immigration check requirements.

Buying to let has become one of the most popular way to invest money. However, making the right decisions is crucial and there is much competition for tenants. After 20 years' success buying, selling and letting property, Fiona Fullerton reveals how to make your experience as lucrative and stress-free as possible. Full of information, advice, ideas, and plenty of helpful checklists, she reveals everything you need to know about understanding the investment market, choosing the right property and beating the competition. Written in a witty and engaging style and designed for everyone from first-time buyers to those building up a property portfolio, it includes advice on: Should you be investing in buy to let? How much can you afford - understanding the finances; Choosing the right property; Preparing your rental property for the letting market; Extending your portfolio; Beating the competition. Accessible and easy

to follow, Fiona Fullerton's Guide to Buying to Let is full of insider information, checklists and simple techniques for staying sane.

Everything potential landlords need to know about the UK rental market *Renting Out Your Property For Dummies* is the essential roadmap to successful property letting. This easy-to-read guide walks readers through every step of renting out their property - showing how to avoid legal problems, find and keep the best tenants, maintain the property and maximise their rental income. As well as lots of helpful advice, it contains a wealth of sample forms and standard letters that can be used when dealing with their own tenants. Crucially, it is fully up to date on all the latest legislation including the Tenancy Deposit Scheme and Energy Performance Certificates (EPCs). *Renting Out Your Property For Dummies* covers: How to prepare a rental property for prospective tenants Tackling rent, deposits and tenancy agreements Deciding whether to manage the property yourself or to hire an agent Essential information on financial management and record-keeping

Written by an experienced estate agent with his own practice and a successful landlord with a portfolio of properties, this guide covers everything the reader needs to know about buying and preparing a suitable investment property. CONTENTS: Identifying a suitable property - buying the property - legally required pre-letting inspections - preparing the property for tenants - creating an inventory - finding suitable tenants - tenant referencing - the law of tenancy - starting the tenancy - managing the tenancy - end of tenancy - letting in Scotland - troubleshooting

This book gives the reader a starting point for everything that needs to be considered when embarking on a property investment for buy to let. The reader will gain an insight to how the property market fluctuates, what sort of properties to buy, where to buy and how to find a property. The book goes onto explain how to get the property ready and how to manage the property for letting. Someone who is new to buy to let may feel bombarded by the information circulating around about what makes a successful buy to let investment. The book gets to the point and outlines key strategies for a successful investment.

Just by reading and applying the easy-to-follow processes in *Making Money Through Buy-to-Let in South Africa*, you will realise that ordinary people can become extraordinary. This book explains why buy-to-let property investment is the only sensible opportunity to earn an inflation-linked, passive income for the rest of your life. It gives ordinary South Africans the hope that they might enjoy a financially secure retirement by building a substantial property portfolio, either when they start at a very young age or by supplementing their lifetime savings or pension pay-out at a later stage. *Making Money Through Buy-to-Let in South Africa* addresses all the questions would-be property investors would ask, including how to establish legal entities; determine which properties have the best return on investment; leverage other people's money and use very little of their own; obtain finance and register a bond; manage the transfer process; and select and manage the best tenants. *Making Money Through Buy-to-Let in South Africa* is written for the ordinary person, in everyday language, and guides you step by step through the entire process of property investment so that you, too, can become financially independent.

MAKE MONEY FROM PROPERTY. This book provides the reader with the process to calculate whether a property is worth investing in, essential reading now that interest rates are rising. It explains how the cheaper interest only mortgages can be used to finance a property in the long term that could add to your pension and the key concepts of profit and cashflow. There are chapters on tax, buying at auctions, what to look for before you buy, the purchase process and what to do immediately after you have bought a property. The possibility of forming a company is examined to show where this can be beneficial and what this means in terms of administration and tax. Further chapters include useful

Where To Download All About Buy To Let Mortgages How To Use Cheap Mortgage Finance To Build A Property Empire Fast

weblinks for the investor, a case study, and discussion of whether to invest in flats or houses. By understanding the calculations behind property purchasing you can ensure that you make the right investments that will bring a return on your money instead of making bad investments that end up costing you money.

This highly-praised book provides the reader with everything that needs to be known about buying, preparing and letting a suitable investment property. In short this book is a comprehensive, but clear and concise guide for the world-be, go-it-alone landlord who wishes to avoid agency fees by creating and managing his own tenancy.

Despite the current financial climate, this book demonstrates how buying property to let can still be a sensible and profitable investment option. The Complete Guide to Letting Property includes comprehensive information on rental legislation including: the Tenancy Deposit Scheme, HIPs, safety and energy requirements for rental properties, and Landlord Accreditation Schemes. It provides reliable advice on all aspects of becoming a landlord, from choosing the right type of property and calculating finances to selling a rental investment that has sitting tenants. In-depth discussion of the advantages and disadvantages of buying offplan, both in the UK and abroad, as well as the important elements involved in guaranteed rental schemes, ensure that this guide is a must-read if you are considering letting a property.
