PRODUCING INDEPENDENT 2D CHARACTER ANIMATION takes an in-depth look at the artistry and production process of cel animation in a friendly, how-to manner that makes the sometimes tedious process of animation enjoyable and easy to understand. This book guides animators through every step of planning and production; includes examples of actual production forms, organization tips, screen shots, and sketches from the pre- to post-production processes; and contains detailed information on the hardware and software used to complete each step. By mapping out the course of how his small studio brainstormed, created, then produced its award-winning animation, TIMMY'S LESSONS IN NATURE, Mark Simon explains to animators what it takes—both creatively and resource-wise—to get their animations to market. Includes exclusive interviews with Oscar-nominated independent animator Bill Plimpton, Craig McCracken, creator of the POWER PUFF GIRLS, Craig "Spike" Decker of SPIKE & MIKE'S SICK AND TWISTED FESTIVAL OF ANIMATION, David Fine & Alison Snowden who are the Academy Award-Winning producers of BOB AND MARGARET, Cartoon Network's Senior Vice President of Original Animation, Linda Simensky, and Tom Sito, Co-Director of OSMOSIS JONES...as well as others.
