contemplating taking the Series 6 for mutual fund and variable annuity professionals, or the Series 7 for general securities practitioners, needs to take and pass the SIE exam in conjunction with the Series 6 and 7 exams. Our book covers important information about the workings of the securities industry; types of products; exchange-traded funds, including leveraged and inverse ETF's; put and call options, including in-the-money and out-of-the-money options; principles of bonds, including different types of bonds and yields; risks of investing; regulatory agencies such as FINRA and the SEC; communications with customers; and prohibited dealings, to name just a few. Study for the Securities Industry Essentials (SIE) Exam provides questions and examples throughout the text as study

Get Free Business Essentials Final Exam

Study Guide aids for the student. In addition, our book contains two practice exams of 75 questions each, together with answers and full explanations. Also a glossary of terms for quick reference at the end of our book. Our chapter on options comes with formulae for basic options positions, showing maximum profit, maximum loss, and break-even points for each of the option positions. The SIE Exam is a FINRA exam that anyone aged 18 or older may take, even students still in school and prospective candidates for future registration. There is no requirement that a person possess an association with a brokerage firm. Once a student takes and passes the SIE exam, his/her results are valid for four years.

The Mom Test is a quick, practical guide that will save you time, money,

Get Free Business Essentials Final Exam

Study Guide
and heartbreak. They say you shouldn't ask your mom whether your business is a good idea, because she loves you and will lie to you. This is technically true, but it misses the point. You shouldn't ask anyone if your business is a good idea. It's a bad question and everyone will lie to you at least a little . As a matter of fact, it's not their responsibility to tell you the truth. It's your responsibility to find it and it's worth doing right . Talking to customers is one of the foundational skills of both Customer Development and Lean Startup. We all know we're supposed to do it, but nobody seems willing to admit that it's easy to screw up and hard to do right. This book is going to show you how customer conversations go wrong and how you can do better.
