We all need something to believe in, whether it's God, money -- or naked table tennis. But has anyone actually cracked the secret of how to live a happy life? Meet acclaimed comic bloggers Tom Fordyce and Ben Dirs, two men in search of meaning in a meaningless world of work, Facebook and microwave meals for one. It's time to become 'karma chameleons' and try some very different ways of living. What follows is a weird and wonderful year sampling life as silent monks in the far north of Scotland, and as witches in an East End coven; weeks spent living solely on the Internet as avatars, and entirely in the real world, as naked as the day they were born. And along the way, Tom and Ben encounter a whole host of odd, hilarious, charming people, all fellow travellers on a quest to find the secret of happiness . . . From the authors of We Could Be Heroes, longlisted for the William Hill Sports Book of the Year

A TRUE CRIME THRILLER THAT EXPLORES THE DARKEST REGIONS OF ROMANTIC INFATUATION. THE YEAR: 1969 THE SETTING: Berkeley, California THE STORY: Amidst the turmoil of student rebellion two loners encounter each other and turn an innocent flirtation into a dance of death. THE CHARACTERS: Prosenjit Poddar was the brilliant engineering student who wanted nothing more than to return to his native India a big success and to marry a woman of his parents' choosing. Tanya Tarasoff was the naive coed who just wanted somebody to love. And Larry Moore was the young psychologist who thought he recognized the warning signs that his patient was not just suffering from a jilted love affair... but was about to commit an act of murder. THE STAKES: In a culture clash that pits the traditional values of male-dominated India against free-love attitudes of Berkeley in the '60s, an impending tragedy unfolds. Soon Larry Moore finds himself face-to-face with the biggest dilemma of his career. What does a doctor do if he perceives his patient as mentally unstable and a threat to the well-being of another... but is bound by the oath of doctor-patient confidentiality not to warn the police? This true story tracks Moore's race against time to stop the inevitable. BAD KARMA is more than an anatomy of madness; it is also a chronicle of the events that would culminate in a landmark decision handed down by the California Supreme Court. Known simply as Tarasoff, this 1976 ruling would change the oath of confidentiality between therapist and patient, and establish the rule that a mental health professional has the legal duty to protect a threatened individual.

Johan Harmenberg had left his native Sweden because he had "given up" on serious competitive fencing. But when he came to MIT, he met an innovative coach - the late Eric Sollee. Scribbling on a napkin in a Cambridge bar, Eric, Johan, and the other MIT fencers sketched the "Three Conjectures" of a new fencing paradigm" - a way to force a more skillful opponent to play your game. On his return to Sweden, Johan developed it into an art and a science, then put it into effect with a vengeance. Despite being snubbed by the Swedish authorities because of his unorthodox style, he won the World Championship in 1977 and the Olympic Gold Medal in 1980. In this groundbreaking book, Johan reveals his methods, showing how to can neutralize the superior technique of even the best classical fencers. Plus Olympic Silver Medalist Bjerne Yaggoe adds his personal application of the new paradigm and Geoff Pingree tells how it was applied with stunning success at MIT.

Witches, Werewere, and Imps. Oh my! Waiting for Karma is fine-for the patient. But for the rest of us, it sure would be nice to give Karma a little nudge every once in a while. Was it one too many dates that turned out to be losers or liars? Have a problem with two-faced backstabbers? And don't even start with the so-called customer service centers. There comes a day when enough is really, truthfully, enough already. For Kelly and Esmeralda, two snarky single witches, that day was yesterday. After applying their witchcraft to dish out a little magical payback, they realize they have a penchant for the dark art of revenge. And who's to say a witch can't make a few bucks with a talent like that? Doing the odd job was fun and gratifying. Then along came an unusual client with a pitch for an idea, "Karma Inc.-Reality TV." The witches set up shop in the sleepy little town of Caldron Falls, Wisconsin. By enabling the good citizens to settle old scores, they hoped to transform the town into a virtual coliseum of televised revenge. It didn't take long before a few inconvenient and unexpected dead bodies began to pile up. To complicate matters, Caldron Falls just happens to have more than its fair share of paranormal creatures, not to mention a Chicago mobster seemingly bent on taking over the town. Can Esmeralda and Kelly solve the rash of unexplained deaths before they get the blame and end up behind bars? What will Marie Laveau and the Witches Union have to say about this? And as any fool knows, Karma carries a round-trip ticket.

Safiya Al-Akhd, haunted by forces that terrorize her dreams and aching from loss, is skeptical when approached about entering the Order of the Elementals, but desperate enough to risk her life by accepting the invitation. Orphaned from attacks by the colonizing off-worlders and born as an empath with an ability called eseeeri that allows her to feel the emotions and sense the thoughts of others, she wrestles with maintaining her equilibrium when witnessing the pain and oppression around her. Esereer, Book One of the Sahyun Chronicles series, follows the challenges that Safiya faces as she copes with her loss and learns who she is. All the while, events unfold that thrust her into a web of political plotting among the clans and the off-worlders. As a result, she begins to discover some of what she is capable of as she struggles to come to grips with the plight of her people.

Unmistakable evidence that many of Jesus's teachings were altered, deleted or never recorded In their classic series "The Lost Teachings of Jesus," Mark L. Prophet and Elizabeth Clare Prophet prove that many of Jesus's original teachings are missing. They show that the New Testament records only a fragment of what Jesus taught. That what was written down was tampered with by numerous editors or suppressed by "guardians of the faith." And that some of what was recorded has been misinterpreted to this day. The authors fill in the gaps with a bold reconstruction of the essence of Jesus's message. They unfold the lost teachings Jesus gave in public to the multitudes and in secret to his closest disciples. In modern vernacular, they offer a unique blend of the mystical and the practical that goes beyond the orthodox view of Jesus to discover his original message. And they answer questions that have puzzled readers of the Bible for centuries.

Few doubt the pro-Israel bias of the Western media. It takes the form of overtly supporting Israel's government policies, or of maintaining neutrality or silence on issues of Israeli violence, occupation, and settlement expansion. Scholar and activist Karma R. Ch\u00e1vez collects eleven interviews that allow dissenting voices a forum to provide rarely heard perspectives on the Palestinian struggle for justice, land, and self-determination.This volume in the Common Threads series is a supplement to the Journal of Civil and Human Rights. The conversations within took place on a radio program Ch\u00e1vez hosted from 2013-16. There, journalists, activists, academic figures, authors, and Palestinian citizens of Israel shared a wide range of thoughts and experiences. Participants covered topics that include: everyday life for Palestinians in the West Bank and in Israel; the Boycott, Divestment, Sanctions (BDS) movement that arose in response to Israel's ongoing actions; the Steven Salaita controversy at the University of Illinois; the pro-Palestine social movement on college campuses; Israel's pinkwashing of human rights abuses; the aftermath of the 2014 attack on Gaza; and Ch\u00e1vez's 2015 visit to the West Bank.
