This text contains the core body of knowledge for case management practice as delineated by the Case Management Society of America (CMSA), the largest professional organization of case managers. The core curriculum provides a "synthesis of case management evolution," and presents essential elements, concepts, and vision for current and future case management practice. This edition is significantly expanded to reflect the dynamic changes taking place in case management. Each chapter is organized in a consistent format that includes learning objectives; introduction; important terms and concepts; key definitions; and references.

Where To Download Case Management Online Study Guide

This overview of issues pertinent to case management in the social services illustrates the diversity of innovative approaches which have been developed. These include: new forms of outreach and assessment; alternative methods for engaging family members and natural supports; and strategies attuned to the needs of culturally diverse constituencies. The degree to which existing services are available to meet clients' needs, and variations in service philosophies and resources are among the issues discussed. Examples from many practice settings illustrate the adaptability of case management.
