Checklist for Due Diligence in Manufacturing

The National Insurance Crime Bureau warns consumers about vehicles that have been severely damaged by recent floods being listed for sale.

If you are buying a company how can you be sure you are buying the business you think you are? Are you sure it is as good as the seller says? How can you be certain unexpected costs and obligations will not suddenly appear once you are the owner and responsible for them? How best can you arm yourself for the negotiations? Designed to help you make your due diligence process as smooth and effective as possible, this collection of checklists by acknowledged expert, Peter Howson, will ensure you manage the risk aspects of any acquisition. The author takes you through the due diligence process itself from legal, financial and commercial to employment and IT, and guides you through the collection. Each checklist includes a short introduction that enables you to make the best use of the material. Due Diligence is, by its nature, a process for which checklists are a wonderful source of ideas and reassurance. Peter Howson's checklists (all of which are repeated in PDF form on a CD included with the book), is a must-have reference for anyone contemplating a merger or acquisition, a management buyout, joint venture or other risky business transactions involving third parties.

Designed to help you make your due diligence process as smooth and effective as possible, this collection of checklists by acknowledged expert, Peter Howson, will ensure you manage the risk aspects of any acquisition. The author takes you through the due diligence process itself from legal, financial and commercial to employment and IT, and guides you through the collection. Each checklist includes a short introduction that enables you to make the best use of the material.

How can you be sure you are buying the company you think you are? Are you sure it is as good as the seller says? How can you be certain unexpected costs and obligations will not suddenly appear once you are the owner and responsible for them? How best can you arm yourself for the negotiations? Have you worked out precisely what you are going to do with it once it is yours? How do you set the priorities for change to recoup the premium you have paid for it? The answer to all these questions, and many more, lies with effective due diligence. Due diligence is one of the most important but least well understood aspects of the acquisition process. It is not, as many believe, a chore to be left to the accountants and lawyers. To get the best from it, due diligence has to be properly planned and professionally managed. This book is a comprehensive manual on getting due diligence right. It is a uniquely comprehensive guide, covering all aspects of the process from financial, legal and commercial due diligence right through to environmental and intellectual property due diligence. There are also useful chapters on working with advisers and managing due diligence projects. It also includes a number of checklists to help ensure that the right questions are asked.

A plain-English guide that demystifies the business landscape in China from a due diligence point of view. Due diligence is crucial to any business deal, and, thankfully, due diligence research has come a long way over the years. What used to be a cumbersome, time-consuming process has been standardized and systemized with generally accepted auditing frameworks and tools, such as the all-important auditing "checklists." But when it comes to doing due diligence in China, with its opaque regulatory system and byzantine accounting standards, all bets are off. In this book an acknowledged expert in the field takes you beyond the checklists to arm you with China-specific due diligence strategies, tools and techniques that go beyond what is typically part of the process. Gives a detailed account of why conventional frameworks used in the west simply don't work in China. Provides first-hand accounts based on the author's years of experience as a private equity professional doing deals in China. Reviews, in-depth, the unique differences between corporations and businesses in China and those in the West and their implications for the due diligence process. Uses numerous case studies to guide the reader through an entire due diligence process for a firm in China.

reading for the CFO requiring an overview of strategies, measurement and control systems, financial analysis tools, funding sources, and management improvement tips.

The first book to offer a comprehensive framework for conducting the venture capital due diligence process. Venture capitalists and other professional investors use due diligence to uncover all of the critical aspects of a company in which they are considering investing in an attempt to estimate the ROI of this decision. The state of the market, management expertise within the firm, legal concerns, location, and environmental issues are just a few of the factors investors include in their due diligence analyses. This book is the only guide to provide investors with a rigorous due diligence framework that can be customized to fit the practice of the firm. The book provides readers with a clear and complete understanding of the due diligence process and formalizes the process for the VC community. The book is structured around key criteria presented in the form of questions. Each question is followed by in-depth explanations and analyses that incorporate the best practices of today's top VCs, including John Doerr, Don Valentine, Kevin Fong, and Ann Winblad.
