He died on October 25, 2015 in London.

David Cesarani ' s Final Solution is a magisterial work of history that chronicles the fate of Europe ' s Jews. Based on decades of scholarship, documentation newly available from the opening of Soviet archives, declassification of Western intelligence service records, as well as diaries and reports written in the camps, Cesarani provides a sweeping reappraisal that challenges accepted explanations for the anti-Jewish politics of Nazi Germany and the inevitability of the “ final solution. ” The persecution of the Jews, as Cesarani sees it, was not always the Nazis ' central preoccupation, nor was it inevitable. He shows how, in German-occupied countries, it unfolded erratically, often due to local initiatives. For Cesarani, war was critical to the Jewish fate. Military failure denied the Germans opportunities to expel Jews into a distant territory and created a crisis of resources that led to the starvation of the ghettos and intensified anti-Jewish measures. Looking at the historical record, he disputes the iconic role of railways and deportation trains. From prisoner diaries, he exposes the extent of sexual violence and abuse of Jewish women and follows the journey of some Jewish prisoners to displaced persons camps. David Cesarani ' s Final Solution is the new standard chronicle of the fate of a heroic people caught in the hell that was Hitler ' s Germany.

Adolf Eichmann was responsible for transporting over two million Jews to their deaths in Auschwitz-Birkenau and other death camps. Yet he was an obscure figure until his sensational capture by the Israeli Secret Service in Argentina in 1960 and his subsequent trial in Jerusalem. This is the first account of Eichmann's life to appear since the aftermath of his trial. It is a groundbreaking biography of one of the most fascinating of the Nazi leaders. Drawing on recently unearthed documents, David Cesarani shows how Eichmann became the Nazi Security Service's 'expert' on Jewish matters. He explains how new research demonstrates that the massive ethnic cleansing Eichmann conducted in argues controversially that Eichmann was not necessarily predisposed to mass murder, exploring the remarkable, largely unknown period in Eichmann's career when he learned how to become a perpetrator of genocide.

Lauded as a “ great Jew, ” excoriated by antisemites, and one of Britain ' s most renowned prime ministers, Benjamin Disraeli has been widely celebrated for his role in Jewish history. But is the perception of him as a Jewish hero accurate? In what ways did he contribute to Jewish causes? In this groundbreaking, lucid investigation of Disraeli ' s life and accomplishments, David Cesarani draws a new portrait of one of Europe ' s leading nineteenth-century statesmen, a complicated, driven, opportunistic man. While acknowledging that Disraeli never denied his Jewish lineage, boasted of Jewish achievements, and argued for Jewish civil rights while serving as MP, Cesarani challenges the assumption that Disraeli truly cared about Jewish issues. Instead, his driving personal ambition required him to confront his Jewishness at the same time as he acted opportunistically. By creating a myth of aristocratic Jewish origins for himself, and by arguing that Jews were a superior race, Disraeli boosted his own career but also contributed to the consolidation of some of the most fundamental stereotypes of modern antisemitism.

In May 1947 a sixteen-year-old Jewish activist named Alexander Rubowitz was abducted in broad daylight from the streets of Jerusalem. At the abduction scene, a gray hat was found, purportedly belonging to Major Roy Farran, a decorated World War II officer who was in charge of British counterterrorism in Palestine. As evidence mounted against Farran, the Zionist underground swore vengeance. The episode precipitated a series of nail-biting twists and turns that had far-reaching consequences. An engaging mix of true crime and polemical narrative history, peopled by a cast of luminaries including Field Marshal Bernard Montgomery, Menachem Begin, and Golda Meir, Major Farran's Hat investigates shady violence, scandaluos cover-ups, and political expediency. It also explores why Britain lost Palestine, as well as how its counterinsurgency and diplomatic strategies collided so disastrously. By exposing Britain's legacy in the Middle East, this historical thriller echoes today's war on terror and pointedly illustrates the circumstances surrounding the birth of the State of Israel.

Drawing on documentary and oral sources in Yiddish, Hebrew, German, Dutch and French, this book challenges many sterotypes about Belsen, and reinstates the groups hitherto marginalized or ignored in accounts of the camp and its liberation.

Throughout Europe longstanding ideas of what it means to be a citizen are being challenged. The sense of belonging to a nation has never been more in flux. Simultaneously, nationalistic and racist movements are gaining ground and barriers are being erected against immigration. This volume examines how concepts of citizenship have evolved in different countries and varying contexts. It explores the interconnection between ideas of the nation, modes of citizenship and the treatment of migrants. Adopting a multi-disciplinary and international approach, this collection brings together experts from several fields including political studies, history, law and sociology. By juxtaposing four European countries - Britain, France, Germany and Italy - and setting current trends against a historical background, it highlights important differences and exposes similarities in the urgent questions surrounding citizenship and the treatment of minorities in Europe today.

This book explores the work and legacy of Professor David Cesarani OBE, a leading British scholar and expert on Jewish history who helped to shape Holocaust research, remembrance and education in the UK. It is a unique combination of chapters produced by researchers, curators and commemoration activists who either worked with and/or were taught by the late Cesarani. The chapters in this collection consider the legacies of Cesarani ' s contribution to the discipline of history and the practice of public history. The contributors offer reflections on Cesarani ' s approach and provide new insights into the study of Anglo-Jewish history, immigrants and minorities and the history and public legacies of the Holocaust.

These essays reveal the role of British intelligence in the roundups of European refugees and expose the subversion of democratic safeguards. They examine the oppression of internment in general and its specific effect on women, as well as the artistic and cultural achievements of internees.

A history of an important newspaper and of Jewish communal life, interpreted through its most vibrant public voice.

Using accessible archival sources, a team of historians reveal how much the USA, Britain, Switzerland and Sweden knew about the Nazi attempt to murder all the Jews of Europe during World War II.
