David Myers's Psychology is a textbook like no other--always fresh, always introducing effective new tools for teaching and learning, and always attuned to the fascinating ways that new research can shape the introductory psychology course. The new Eighth Edition is vintage Myers. It redefines excellence for an introductory psychology textbook, raising the standard with its expanded emphasis on diversity and gender issues, its incorporation of new frontiers in research studies in such areas as neuroscience and cognition, new learning features, and its expanded media/supplements package. Myers continues the tradition of previous editions of bonding psychological science with a broad perspective that engages both the mind and the heart.

This modular version of Myers's full-length text, Psychology, reflects the author's

# Access Free David G Myers Psychology 8th Edition

research-supported belief that many students learn better using a text comprised of brief modules, as opposed standard-length chapters. Psychology, Eighth Edition, in Modules breaks down the 18 chapters of Psychology into 58 short modules, retaining that acclaimed text's captivating writing, superior pedagogy, and wealth of references to recent cutting-edge research. The modular version has its own extensive media and supplements package, with content organized to match its table of contents.

Far and away the bestselling brief introduction to psychology, David Myers' Exploring Psychology doesn't just present the story of the psychology. It involves students deeply in that story, as they learn to think critically about psychology 's core ideas, breakthrough research findings, and wide-ranging applications to their lives and the world around them. The new Eighth

# Access Free David G Myers Psychology 8th Edition

Edition is both classic Myers and cutting-edge psychological science, a rich presentation more than ever before, helps students develop the critical thinking skills they need to make their encounters with psychological science successful and personally enriching. The most extensively revision to date, the Eighth Edition features many hundreds of new research citations, over 40% new photos, and state-of-the-art media and supplements--plus an all new critical thinking feature, Test for Success: Critical Thinking Exercises. Still, with the book 's continual evolution, one constant remains: the inimitable writing of David Myers, who continues to show an uncanny ability to engage the curiosities of all kinds of students as they explore both the scientific and human aspects of the field of psychology. Watch our new animation on THE TESTING EFFECT narrated by David Myers here.

Why Myers? David Myers has become the world ' s best-selling introductory psychology author by serving the needs of instructors and students so well. Each Myers textbook offers an impeccable combination of up-to-date research, well-crafted pedagogy, and effective media and supplements. Most of all, each Myers text demonstrates why this author ' s style works so well for students, with his signature compassionate, companionable voice, and superb judgment about how to communicate the science of psychology and its human impact. Why Modules? This modules-based version of Myers ' best-selling, full-length text, Psychology (breaking down that book ' s 16 chapters into 59 short modules) is yet another example of the author ' s ability to understand what works in the classroom. It comes from Myers ' experiences with

Chapter 6

Students who strongly prefer textbooks divided into briefer segments instead of lengthier chapters, and with instructors who appreciate the flexibility offered by the modular format. Modular organization presents material in smaller segments. Students can easily read any module in a single sitting. Self-standing modules. Instructors can assign modules in their own preferred order. The modules make no assumptions about what students have previously read. Illustrations and key terms are repeated as needed. This modular organization of short, stand-alone text units enhances teacher flexibility. Instead of assigning the entire Sensation and Perception chapter, instructors can assign the module on vision, the module on hearing, and/or the module on the other senses in whatever order they choose. Watch our new videos from David Myers here, including our animation on THE
