"Doctor Who" City of Death: Part One (TV Episode 1979) - IMDb

City of Death is a perfect example of classic Doctor Who storytelling at it's best. With the fantastic Tom Baker at his very best as the Fourth Doctor along with the engaging Lalla Ward as Romana II, the two Time Lords battle the Scaroth played by villainously talented Julian Glover in 1979 Paris with the very existence of life on Earth at stake.

City of Death was the second serial of season 17 of Doctor Who. It was first story to be filmed on location outside the UK . If one follows the suggestion in the short story The Lying Old Witch in the Wardrobe that Destiny of the Daleks featured the Doctor’s TARDIS posing as Romana rather than the real Time Lady, it was also the first story to feature Lalla Ward as Romana .

Directed by Michael Hayes. With Tom Baker, Lalla Ward, Julian Glover, Catherine Schell. Pursuing the mystery of the multiple, authentic Mona Lisa’s back to Leonardo de Vinci’s workshop in 1505 Florence, the Doctor meets Captain Tancredi - the very same man he’s met as Count Scarlioni in 1979 Paris. Politely but firmly invited to tarry, via a set of thumbscrews, the Doctor can’t help but answer ...

"Doctor Who" City of Death: Part Three (TV Episode 1979 ...

Filmed and broadcast in 1979 ("more of a table wine") City of Death stands out in a period of fun but unremarkable serials. By rights, Doctor Who’s seventeenth season should be one of the best ever, starring as it does one of the greatest TARDIS teams. Tom Baker, in his sixth year as the Doctor, remained captivatingly charismatic but was, at times, drifting through the role.

Doctor Who: City of Death

Discover the new Doctor Who classics. The key to Earth's destruction lies buried in its past. Visiting Paris in 1979, the Doctor and Romana's hopes for a holiday are soon shattered by armed thugs, a suave and dangerous Count, a plot to steal the Mona Lisa and a world-threatening experiment with time. Teaming up with a British detective, the Time Lords discover that a ruthless alien plot hatched in Earth's pre-history has reached its final stage. If Scaroth, last of the Jagaroth, cannot be stopped then the human race is history, along with all life on Earth...

The key to Earth's destruction lies buried in its past. Visiting Paris in 1979, the Doctor and Romana's hopes for a holiday are soon shattered by armed thugs, a suave and dangerous Count, a plot to steal the Mona Lisa and a world-threatening experiment with time. Teaming up with a British detective, the Time Lords discover that a ruthless alien plot hatched in Earth's pre-history has reached its final stage. If Scaroth, last of the Jagaroth, cannot be stopped then the human race is history, along with all life on Earth.

Rediscover the lost Doctor Who adventure by Douglas Adams. Intergalactic war? That's just not cricket ... or is it? The Doctor promised Romana the end of the universe, so she's less than impressed when what she gets is a cricket match. But then the award ceremony is interrupted by eleven figures in white uniforms and peaked skull helmets, wielding bat-shaped weapons that fire lethal bolts of light into the screaming crowd. The Krikkitmen are back. Millions of years ago, the people of Krikkit learned they were not alone in the universe, and promptly launched a xenophobic crusade to wipe out all other life-forms. After a long and bloody conflict, the Time Lords imprisoned Krikkit within an envelope of Slow Time, a prison that could only be opened with the Wicket Gate key, a device that resembles – to human eyes, at least – an oversized set of cricket stumps... From Earth to Gallifrey, from Bethselamin to Devalin, from Krikkit to Mareeve II to the far edge of infinity, the Doctor and Romana are tugged into a pan-galactic conga with fate as they rush to stop the Krikkitmen gaining all five pieces of the key. If they fail, the entire cosmos faces a fiery retribution that will leave nothing but ashes...

The gripping, true story of a brutal serial killer who unleashed his own reign of terror in Nazi-Occupied Paris. As decapitated heads and dismembered body parts surfaced in the Seine, Commissaire Georges-Victor Massu, head of the Brigade Criminelle, was tasked with tracking down the elusive murderer in a twilight world of Gestapo, gangsters, resistance fighters, pimps, prostitutes, spies, and other shadowy figures of the Parisian underworld. But while trying to solve the many mysteries of the case, Massu would unravel a plot of unspeakable deviousness. The main suspect, Dr. Marcel Petiot, was a handsome, charming physician with remarkable charisma. He was the "People's Doctor," known for his many acts of kindness and generosity, not least in providing free medical care for the poor. Petiot, however, would soon be charged with twenty-seven murders, though authorities suspected the total was considerably higher, perhaps even as many as 150. Petiot's trial quickly became a circus. Attempting to try all twenty-seven cases at once, the prosecution stumbled in its marathon cross-examinations, and Petiot, enjoying the spotlight, responded with astonishing ease. Soon, despite a team of prosecuting attorneys, dozens of witnesses, and over one ton of evidence, Petiot's brilliance and wit threatened to win the day. Drawing extensively on many new sources, including the massive, classified French police file on Dr. Petiot, Death in the City of Light is a brilliant evocation of Nazi-Occupied Paris and a harrowing exploration of murder, betrayal, and evil of staggering proportions.

"Based on the beloved Doctor Who episode of the same name by Douglas Adams, the hilarious and brilliant author of The Hitchhiker's Guide to the Galaxy, comes City of Death ... "A nasty, savage race, the universe was glad to see the back of them ..." 4 billion BCE: The Jagaroth, the most powerful, vicious, and visually unappealing race in the universe disappears from existence. Few are sad to see them go. 1505 CE: Leonardo da Vinci is rudely interrupted while gilding the lily by a most annoying military man by the name of Captain Tancredi. 1979 CE: Despite his best efforts not to end up in exactly the right place at exactly the wrong time, the Doctor, his companion Romana, and his cybernetic dog, K-9, arrive for a vacation in Paris only to discover that they have landed not only in one of the less romantic periods in Parisian history, but in a year in which the fabric of time has begun to crack. It is once again up to the Doctor to uncover an audacious alien scheme filled with homemade time machines, the theft of the Mona Lisa, the resurrection of the Jagaroths, and the beginning (or possibly the end--it is all quite complicated, you see) of all life on Earth. Some holiday indeed.."--

Originally published in Danish with the title Kadaverdoktoren (Kbenhavn: Modtryk, 2010).

"The TARDIS brings the Doctor and Mary Shelley to the continent of Zelonía, on the frontier world Draxine; where, many moons ago, the twin citystates of Garrak and Stronghaven bore testament to mankind's colonial spirit. That was before the sinister death cult of Garrak's President Harmon took hold, and Garrak annihilated itself, utterly, in an apocalyptic explosion. Before the bones of Garrak's dead came back to life, and its skeletal citizens began marching, marching, marching on Stronghaven itself. But what do they want, this army of death? And can anything stop them? In search of answers, the Doctor and Mary must journey into the dead heart of a dead city to face a terrifying adversary, whose ambitions transcend the stuff of life itself."--Container.

The Doctor takes Romana for a holiday in Paris – a city which, like a fine wine, has a bouquet all its own. Especially if you visit during one of the vintage years. But the TARDIS takes them to 1979, a table-wine year, a year whose vintage is soured by cracks – not in their wine glasses but in the very fabric of time itself. Soon the Time Lords are embroiled in an audacious alien scheme which encompasses home-made time machines, the theft of the Mona Lisa, the resurrection of the much-feared Jagaroth race, and the beginning (and quite possibly the end) of all life on Earth. Aided by British private detective Duggan, whose speciality is thumping people, the Doctor and Romana must thwart the machinations of the suave, mysterious Count Scarlioni – all twelve of him – if the human race has any chance of survival. But then, the Doctor’s holidays tend to turn out a bit like this. Featuring the Fourth Doctor as played by Tom Baker, City of Death is a novel by James Goss based on the 1979 Doctor Who story written by Douglas Adams under the pen-name David Agnew. City of Death is one of the best-loved serials in the show’s 50-year history and was watched by over 16 million viewers when first broadcast.

"We should leave. We definitely should leave. But... chatty ghosts!" The year is 1645, and Edinburgh is in the grip of the worst plague in its history. Nobody knows who will be the next to succumb – nobody except the Night Doctor, a masked figure that stalks the streets, seeking out those who will not live to see another day. But death is not the end. The Doctor, Bill and Nardole discover that the living are being haunted by the recently departed – by ghosts that do not know they are dead. And there are other creatures lurking in the shadows, slithering, creeping creatures filled with an insatiable hunger. The Doctor and his friends must face the terrifying secret of the Street of Sorrows – that something which has lain dormant for two hundred million years is due to destroy the entire city... An original novel featuring the Twelfth Doctor, Bill and Nardole as played by Peter Capaldi, Pearl Mackie and Matt Lucas.

The Beautiful Death is the ultimate theme-park ride: a sightseeing tour of the afterlife. But something has gone wrong, and when the Fourth Doctor arrives in the aftermath of the disaster, he is congratulated for saving the population from destruction – something he hasn’t actually done yet. He has no choice but to travel back in time and discover how he became a hero. And then he finds out. He did it by sacrificing his life. An adventure featuring the Fourth Doctor as played by Tom Baker and his companions Romana and K-9
