What would you do if all of your hopes and dreams were crushed in an instant? In *Get Your Hopes Up*, the author gives us a vulnerable look into her life while going through what seemed to be some insurmountable difficulties with an unbelievably positive attitude. In the forty-third chapter of Isaiah, he begins talking about when we pass through the rivers saying they won't overflow us or when we go through fire we won't be burnt. But what about when it feels like He saves us from the fire by dumping us in the river and turns around to do it all again and again? Written as if she were talking to you across the table as a friend, with humor she describes her journey with resilience and an incredible faith and vision. Be encouraged as you read that even in her darkest hour, she still saw God as good and hung on to the promise that He had a far greater vision for her life than the broken dreams she was now holding.

Shares a message of hope and inspiration for using one's faith as a cornerstone to build a happy, secure, and fulfilled life.

Everyone gets "down to nothing" at some point in life, whether in relationships, finances, vision and courage for the future, physical or emotional exhaustion, or disappointment with God--everybody at some time comes to the end of their rope. It's exactly at those points that God does His best work. When we're down to nothing, God is up to something--truths to teach us, answers to satisfy us, assurance to bolster us, resources to supply us, or directions to guide us. In this book, Robert Schuller chronicles a particularly dark period in his life and shares with the reader what he learned God was up to in his relationships, meeting his needs like health and finances, providing guidance in his emotional life, but most of all, in learning to know and trust God more.

This compilation is a review and outlook on life, specifically mine. The feelings I got and the words I wanted to use though I could not find my voice. A majority of these poems were effects of events in my life. When family or friends are hurt, when I was hurt, or feeling down and out, I wanted to say something but could not, so I wrote down my feelings. Anger, joy, sadness, and love were some of the feelings I used to write a great deal of my works. Have you ever stood back and looked at the world around you? All the fear, all the hatred, all the sadness, it is all mixed in with the joy, happiness and jubilation also around. The world is confused and frustrated and so am I. If I could, I would fix it all.

Every time you get your hopes up, they come crashing down--shattering like broken promises. You crumble under the weight of your own disappointment. In despair, you cry out to God, "Why don't You do something? I need your help! Will You ever save my husband?" This is the heart-wrenching cry of a Christian woman whose husband doesn't know Christ as his Savior and Lord. A great spiritual gulf separates them. It is difficult to agree on day-to-day decisions, let alone larger questions. Everyday life becomes a lonely and painful existence. Linda Davis lived in this difficult situation for fifteen years as she prayed and waited for her husband to become a Christian. Her pain came not only because her husband wasn't saved, but also because very few people in the church knew how to help her during her struggle. Yet understanding how to cope with this situation is crucial for a wife's own spiritual health and for strength to endure the strain she is under. Drawing from personal experience and biblical wisdom, Linda Davis describes how you can: Be happy in spite of your circumstances Understand your husband's point of view Witness to your husband without saying a word Release your husband to God Rely on God's perfect timing for your husband's salvation Understand what God means by submission Deal with rejection and hostility Be set free from worry and guilt The Christian wife of an unsaved husband has a special ministry that no one else can fulfill. Linda Davis explains how to minister to your husband while living a rewarding life both spiritually and personally. This book will benefit any woman who desires a deeper spiritual life for both her husband and herself.
