GLOCK 17 Gen 3 9mm Pistol Review. Update 2019: This GLOCK 17 review is written about a 3rd generation model. The 3rd gen G17 is not so different from the 5th generation of guns produced today. A few features have been added, a few minor changes made. It remains a flagship pistol of the GLOCK company. This is the pistol that started it all.

Traces the story of the American gun market as reflected by an Austrian six-cylinder revolver, tracing how it has become a weapon of choice on both sides of the law, in the entertainment industry, and among Second Amendment enthusiasts.  
EVERYTHING You Want to Know About EVERY Glock! Whether you're an experienced Glockophile or shopping for your first Glock pistol, this revised and expanded second edition of Robb Manning's Glock Reference Guide is essential reading. It covers every model and milestone in the development of Gaston Glock's iconic handgun since its introduction in 1983. Inside you'll find complete coverage and testing information for all Glock models, including Gen5 updates, law-enforcement/military-only variants, custom Glocks, and models never offered in the United States. It's all here! Every model, every caliber, every variant and every generation, from the first prototype through developments that took place in 2019. Inside: History and commentary on every Glock model How they're made and how they work How to disassemble, clean and troubleshoot Coverage of Glock and non-Glock accessories Glocks and suppressors Info on Glock pistol-caliber carbines Learn why Glock is the preferred autoloading pistol for countless law-enforcement and government agencies, military units, competitive and recreational shooters and private citizens.

While movies and television have made many people familiar with the name Glock, not many know the history of Glock's pistols. With The Book of Glock, Robert A. Sadowski showcases all of Glock's American handgun models, from the first model, the Glock 17, which premiered in 1982, to the all-new G43, and educates firearms enthusiasts on the quirks of each. The Book of Glock references all Glock pistols available in the United States with in-depth information on all models—history, serial numbers, rare Glock variants, comparative models, cutaway sales models, and more. Sadowski worked closely with Stanley Ruselowski, the president of the Glock Collectors Association, to bring readers information and photos of rarely seen Glocks. Each chapter is dedicated to a different model. Sadowski provides a timeline of the company's evolution and a close look at how Glock redefined the combat pistol. Other chapters touch on rare models, commemorative editions, and Glock tools and accessories. Whether a firearms collector or a new enthusiast, anyone can enjoy Sadowski's analysis of Glocks throughout history.

When it comes to writing weapons, most authors shoot from the hip—and miss. The Writer's Guide to Weapons will help you hit your target every time. Firearms and knives have starring roles in a wide range of genres—crime, thriller, war, mystery, Western, and more. Unfortunately, many depictions of weapons in novels and film are pure fiction. Knowing the difference between a shotgun and a slug, a pistol and a revolver, or a switchblade and a butterfly knife is essential for imbuing your story with authenticity—and gaining popularity with discerning readers. Inside you'll find: - An in-depth look at the basics of firearms and knives: how they work, why they work, what they look like, and how to depict them accurately in your stories. - The biggest weapons myths in fiction, TV, and film. - A surefire guide for choosing the correct weapon for your characters, no matter their skill level, strength, or background. - A review of major gun and knife laws, weapons safety tips, and common police tactics. - "The Hit List," showcasing the most popular weapons for spies, detectives, gunslingers, gangsters, military characters, and more. - Examples highlighting inaccurate vs. accurate weapons depictions. - An insightful foreword by David Morrell, the award-winning creator of Rambo. Equal parts accessible, humorous, and practical, The Writer's Guide to Weapons is the one resource you need to incorporate firearms and knives into your fiction like a seasoned professional.

Provides step-by-step instructions and manufacturer specifications for all aspects of firearms maintenance while sharing accompanying tips for a wide range of firearms categories.

The NRA steadfastly maintains that the 30,000 gun-related deaths and 300,000 assaults with firearms in the United States every year are a small price to pay to guarantee freedom. As former NRA President Charlton Heston put it, "freedom isn't free." And when gun enthusiasts talk about Constitutional liberties guaranteed by the Second Amendment, they are referring to freedom in a general sense, but they also have something more specific in mind—freedom from government oppression. They argue that the only way to keep federal authority in check is to arm individual citizens who can, if necessary, defend themselves from an aggressive government. In the past decade, this view of the proper relationship between government and individual rights and the insistence on a role for private violence in a democracy has been co-opted by the conservative movement. As a result, it has spread beyond extreme "militia" groups to influence state and national policy. In Guns, Democracy, and the Insurrectionist Idea, Josh Horwitz and Casey Anderson reveal that the proponents of this view base their argument on a deliberate misreading of history. The Insurrectionist myth has been forged by twisting the facts of the American Revolution and the founding of the United States, the denial of civil rights to African-Americans after the Civil War, and the rise of the Third Reich under Adolf Hitler. Here, Horwitz and Anderson set the record straight. Then, challenging the proposition that more guns equal more freedom, they expose Insurrectionism—not government oppression—as the true threat to freedom in the U.S. today. Joshua Horwitz received a law degree from George Washington University and is currently a visiting scholar at the Johns Hopkins Bloomberg School of Public Health. He is Executive Director of the Coalition to Stop Gun Violence and the Educational Fund to Stop Gun Violence. He has spent nearly two decades working on gun violence prevention issues. He lives in Arlington, Virginia. Casey Anderson holds a law degree from Georgetown University and is currently a lawyer in private practice in Washington, D.C. He has served in senior staff positions with the U.S. Congress, the Coalition to Stop Gun Violence, and Americans for Gun Safety. He lives in Arlington, Virginia.

A MEMOIR BY THE YOUNGEST RECIPIENT OF THE NOBEL PEACE PRIZE As seen on Netflix with David Letterman "I come from a country that was created at midnight. When I almost died it was just after midday." When the Taliban took control of the Swat Valley in Pakistan, one girl spoke out. Malala Yousafzai refused to be silenced and fought for her right to an education. On Tuesday, October 9, 2012, when she was fifteen, she almost paid the ultimate price. She was shot in the head at point-blank range while riding the bus home from school, and few expected her to survive. Instead, Malala's miraculous recovery has taken her on an extraordinary journey from a remote valley in northern Pakistan to the halls of the United Nations in New York. At sixteen, she became a global symbol of peaceful protest and the youngest nominee ever for the Nobel Peace Prize. I AM MALALA is the remarkable tale of a family uprooted by global terrorism, of the fight for girls' education, of a father who, himself a school owner, championed and encouraged his daughter to write and attend school, and of brave parents who have a fierce love for their daughter in a society that prizes sons. I AM MALALA will make you believe in the power of one person's voice to inspire change in the world.

The Modern Survival Manual is based on first hand experience of the 2001 Economic Collapse in Argentina. In it you will find a variety of subjects that the author considers essential if a person wants to be prepared for tougher times: -How to prepare your family, yourself, your home and your vehicle -How to prepare your finances so that you don't suffer what millions in my country went through -How to prepare your supplies for food shortages and power failures -How to correctly fight with a chair, gun, knife, pen or choke with your bare hands if required -Most important, how to reach a good awareness level so that you can avoid having to do all that These are just a few examples of what you will find in this book. It's about Attitude, and being a more capable person and get the politically correct wimp out of your system completely.

An in-depth analysis of the folklore surrounding gun use and the state of the debate in today's political climate.
