God of War works from minute one thanks to the simplicity of its plot. Kratos and Atreus - who start as, at best, acquaintances - begin their journey having just gone through the loss of Kratos'...

The novelization of the highly anticipated God of War game. His vengeance against the Gods of Olympus years behind him, Kratos now lives as a man in the realm of Norse gods and monsters. It is in this harsh, unforgiving world that he must fight to survive... and teach his son to do the same. This startling reimagining of God of War deconstructs the core elements that defined the series-- satisfying combat; breathtaking scale; and a powerful narrative--and fuses them anew.

In order to end his servitude to the gods, the warrior Kratos seeks a weapon he can use to kill the god of war, Ares, a quest on which he travels to a mysterious temple and battles legendary monsters and his personal demons.

All the majesty and mayhem of Greek mythology springs to life once more in the powerful second novel based on the bestselling and critically acclaimed God of War® franchise. Once the mighty warrior Kratos was a slave to the gods, bound to do their savage bidding. After destroying Ares, the God of War, Kratos was granted his freedom by Zeus-and even given the ousted god's throne on Olympus. But the other gods of the pantheon didn't take kindly to Kratos's ascension and, in turn, conspired against him. Banished, Kratos must ally himself with the despised Titans, ancient enemies of the Olympians, in order to take revenge and silence the nightmares that haunt him. God of War II takes the videogame's action to electrifying new heights, and adds ever more fascinating layers to the larger-than-life tale of Kratos.

The hit game is brought to life in a tangible and exciting new way as readers are invited to plumb the lore of God of War through the eyes of Kratos' son, Atreus. This hardcover volume chronicles Atreus and Kratos' journey through the fabled Nine Realms, from the Wildwoods of Midgard to the mountains of Jotunheim and beyond. In addition to the record of their mythic journey, this wonderous collection also includes a bestiary that was assembled during those travels, intimate dossiers of the characters that inhabit the masterfully crafted universe, and much more!
