Here is how I make money with three easy steps: Identify goods that people buy above average. Create a website in 8 minutes. Show them exactly what they already want to buy to earn a commission. This is not about SEO, more visitors or better rankings. This is how to target BUYERS and it will make a huge difference for your results. I do it with the exact same process you are going to learn in this book. Actually I wrote it as a guide for one of my VAs on oDesk.com. If you can send targeted buyers to Amazon, they will do all the work and pay you a commission. Imagine, what you could do with this knowledge. I am not an expert. But I know how to create Affiliate websites in 8 minutes that do earn real money on a regular basis. I pay about 2 dollars for hosting each month. In October 2012 I made on average more than 10 Dollars cumulative income per day while I was working on other things. Try to do that with stocks or conservative investment. What is cumulative income? Do it once, earn money over and over again. I am from Germany (so please forgive me my mistakes), 42 years old, a father of two girls and happily married. It took me almost one and a half year to discover the principles, test different solutions, waste tons of money and time and to make lots of mistakes myself. By reading this book, you can avoid all this pain and frustration and start right away. Do you still struggle to make a few dollars? In 30 minutes from now, you can make a huge step forward. It works good for me and it will work for you. You will need Wordpress and web hosting. You don't need programming skills, seed money, higher education or deep computer knowledge. You can do it if you are 21 or 71. You can do it within the next hour. I have done it, I like it and it constantly makes me money. But I know that more than 95 percent of all the people that read this text STILL do not know it. And I know that 95 percent of the experts STILL don't teach it. And I am STILL unsure if it is a good idea to sell my best knowledge in this book. Experts never sell their best knowledge, because it would increase their competition. They always teach the second best stuff. As I said before, I am not an expert, but I do make money with websites that only take 8 minutes to create. It won't take you much longer to read this book. I tried to explain the whole process in the shortest and easiest possible way. Is this something, you are interested in? Do you have 8 minutes to invest in your financial future?

Here in a short, compact and concise format is the basics of how to persuade more people more effectively, more ethically, and more often. Ziglar draws from his fundamental selling experiences and shows that while the fundamentals of selling may remain constant, sales people must continue learning, living, and looking: learning from the past without living there; living in the present by seizing each vital moment of every single day; and looking to the future with hope, optimism, and education. His tips will not only keep your clients happy and add to your income, but will also teach you ideas and principles that will, most importantly, add to the quality of your life.
