The Second Edition of Parliamo italiano! instills five core language skills by pairing cultural themes with essential grammar points. Students use culture—the geography, traditions, and history of Italy—to understand and master the language. The 60-minute Parliamo italiano! video features stunning, on-location footage of various cities and regions throughout Italy according to a story line corresponding to each unit's theme and geographic focus.

CIAO! continues to set the standard for interactive, flexible introductory Italian instruction with its state-of-the-art online technology package. Not only is this course entirely portable to accommodate the demands of a busy life, it features exciting new capabilities that allow students to share links, photos, and videos and to comment on those posted by their fellow classmates. The eighth edition is distinguished by several new resources and updates that promote the acquisition of Italian language and culture in accordance with the National Standards for Foreign Language Education. Communicative goals are established at the start of each chapter to provide students with clearly defined objectives as they work through the content, while skill-building strategies and interactive activities help them achieve those goals. The all-new Regioni d'Italia section establishes a thematic thread that is maintained throughout the chapter and provides plenty of opportunities to make cross-cultural comparisons even within the regions of Italy itself. CIAO!'S fully-updated authentic readings, cultural snapshots, videos, and activities engage students in deeper exploration of the vibrant life of modern-day Italy and the country's rich cultural heritage. Each chapter ends with a thorough Ripasso to ensure student success. Now more than ever, CIAO! provides an all-in-one grammar and vocabulary program that allows students to communicate in Italian with confidence and gives them a unique cultural perspective on an ever-changing Italy. With this novel, Booker Prize-winning author Anita Brookner confirms her reputation as an unparalleled observer of social nuance and deeply felt longings. Brief Lives chronicles an unlikely friendship: that between the flamboyant, monstrously egocentric Julia and the modest, self-effacing Fay, who is at once fascinated and appalled by Julia's excesses. Thrust together by their husbands' business partnership -- and by a guilty secret -- Julia and Fay develop an intense bond that is nonetheless something less than intimacy, a relationship in which we see our own uneasy compromises, not only with other people, but with life itself.
