This cozy little space shows how small living room decor can quickly become an art form given the right pieces. In this room's case, the abstract white sculptures on one wall and the feather painting on the other would probably point to an oceanic theme, but when you get to the blue area rug and notice the flowers, you begin to wonder if the room really is following a specific theme.

Offers advice on how to transform small living spaces into comfortable and stylish areas, while showcasing decorating ideas as displayed in thirty-three small homes.

If you are weary of a large house with high property taxes, big utility bills, tons of maintenance, and too much stuff, you're definitely not alone! Millions of Americans are turning to smaller living spaces as a pathway to a happier, stress-reduced life. The Giant Book of Tiny Homes captures the essence of this downsizing trend by showcasing homes across a spectrum of styles and locations, each filled with stylish interiors, ingenious solutions for small-space living, and stories of contented homeowners. Plus, you'll get great advice and insights from the growing number of talented builders and architects who have trained their skills on creating beautiful, imaginative smaller dwellings. Whether custom-designed for a traditional foundation, assembled on a moveable trailer, or flat-packed and flown in by helicopter, small houses are all about "less is more." If you're a small house aficionado or simply considering the possibilities, this book is your inspiration for living large in a small space!

How to make more of less--the book that shows you how to simplify your life, control clutter, and pare down your possessions for a move into smaller living quarters. There are plenty of anti-clutter experts around ready to exhort us to sort, store, and trash our belongings, but this book addresses the specific needs of people moving from a larger to a smaller space, or merging two (or more) people's possessions into a single abode. If you and your mate are about to swap your large, single-family house for a condo, or move your parents out of the family home of 40 years into an assisted-living center, where do you start? How do you decide what to take, what to leave behind, and what to do with your discards? What can you do to keep the move from seeming tinged with loss? *Scaling Down* not only offers terrific nuts-and-bolts strategies for paring down one's belongings to only the best and most meaningful items, but it also addresses the emotional aspects of streamlining--the complicated relationship we have with our "stuff." Countering the pervasive American prejudice that having less is a step down, the authors advance their concept of "living large wherever you are!"

Featuring more than 200 tips for making the most of your little home, *Small Space Style* is the must-have, incredibly inspirational guide for living large in compact quarters. Join small space lifestyle expert Whitney Leigh Morris as she demonstrates how to keep clutter to a minimum, craft double duty layouts, personalize chic storage, go vertical when surfaces are limited, DIY clever custom built-ins, and even entertain a crowd within confined square footage. With chapters centered around the essentials—living, sleeping, eating, and bathing—*Small Space Style* features real-life examples from Whitney's own delightful and sophisticated cottage in Venice Beach, California, as well as home tours of some of her favorite tiny houses, micro apartments, and beautiful, efficient small spaces.

Offers innovative tips, techniques, and practical design solutions for creating comfortable, stylish, and beautiful rooms in small spaces and explains how to take full advantage of every square foot of available space.

Living Large in Small Spaces Homeownership is the "American dream," and it's quite apparent that we are comfortable with dreaming big. Americans have always built the largest homes on the planet. Recently, however, there has been a quiet undercurrent bucking that trend. Some have questioned what all of this extra space is really buying us (apart from a larger mortgage). Some among us are wondering if there isn't a better way of living out there. *The Tiny House Revolution Inside*, you'll learn all about Tiny Houses and the lifestyle that comes with them. Learn "What You Need versus What You want. Explore the Benefits of Living Small. Discover the 9 Ways a Tiny House Can Change Your Life. You'll find all that, and so much more. Written by Amazon Best-Selling author Michael Holtby, *The Tiny House Revolution* opens up a whole new way of living: smart, economical and revolutionary!

An illustrated guide to making the most out of limited space shares tips on arranging furniture, managing clutter, creating illusions, and using a variety of techniques to make even the smallest space elegant and beautiful.

Could you live in an apartment with 90 square feet of floor space, the area approximately the same as a Honda Accord? Could you do it for five years? And could you be happy? Felice Cohen could. And she was. A YouTube video of her astonishing use of space went viral with millions of hits. She has heard from people around the globe, many requesting the outlines of her methods. Felice's highly organized approach, gleaned from more than 20 years as a professional organizer, prepared her for the challenge of a tiny space, smack in the middle of Manhattan, where the city itself became her "extra rooms." 90 Lessons for Living Large in 90 90 Square Feet (...or more) is a "want to" guide on how to "live large" in any size space, the message being: eliminate clutter and focus on the things that matter. Whether you live in 90 or 9,000 square feet, this book will be of real practical and immediate value.

Whether you inhabit a studio or a sprawling house with one challenging space, Maxwell Gillingham-Ryan, co-founder of the most popular interior design website, Apartment Therapy, will help you transform tiny into totally fabulous. According to Maxwell, size constraints can actually unlock your design creativity and allow you to focus on what's essential. In this vibrant book, he shares forty small, cool spaces that will change your thinking forever. These apartments and houses demonstrate hundreds of inventive solutions for creating more space in your home, and for making it more comfortable. Leading us through entrances, living rooms, kitchens and dining rooms, bedrooms, home offices, and kids' rooms, Apartment Therapy's Big Book of Small, Cool Spaces is brimming with ingenious tips and ideas, such as: • Shifting the sense of scale through contrasting colors • Adding airiness by using transparent collections • Utilizing the area under a loft bed for a kitchen and mini-bar • Tucking an office with chic vintage doors into an unused bedroom corner In each dwelling Maxwell points out what makes the layout work and what adds style. Most of the "therapy" involves minor tweaks that can be accomplished on a limited budget, such as dividing a room with sheer curtains, turning a door into a desk, or disguising electrical boxes with art displays. An extensive resource guide, including Maxwell's favorite websites for buying desks, open storage solutions, and much more, will help you turn even the tiniest residence into a place you are always happy to come home to.
