Cities represent civilisation and human achievement: they are bubbling microcosms of virtues and vices, vanguards of technology and creative pursuits, incubators of traditions and melting-pots of diversity. More than half the world's population now lives in cities, and for travellers they hold an-endless fascination. Here we present the 200 most vibrant, diverse, hypnotic and chaotic cities in the world, ranked in order as voted for by people who know - Lonely Planet's staff, authors, and readers. The list is as diverse as the people that created it. Of course, there are the usual suspects: Paris, London, New York - but also the unfamiliar, the exotic, and the tiny: Abuja (Nigeria), Nuuk (Greenland), Saint-Denis (Réunion) and Ulaanbataar (Mongolia). Every city has its own personality, in the form of its streets and buildings and in its human architecture. Taking our cue from the buzz on the street, we have captured the flavour of each city through the eyes of the typical citizen: hot conversation topics, urban myths, the best places to eat and drink and to seek out after dark. It's a tempting cocktail for the urban adventurer.

Discover the secret lives of the extraordinary creatures that share our cities. From red foxes sneaking rides on London buses to leopards prowling the backstreets of Mumbai, this book explores the clever ways animals have adapted to the urban environment and gives tips on how you can help protect our wild neighbours.

Explore over 60 of the world's most amazing cities with this activity book for urban explorers. Fill in New York's famous skyline, design a Mexican wrestling mask, spot the difference between Viennese dancing horses, and add your own mural to a Melbourne graffiti wall. Over 250 stickers included!

"From London and Las Vegas to Sydney and Shanghai, become an urban time traveler with this interactive

tour of some of the world's greatest cities. Lift the flaps and full-page gatefolds to see how these mighty metropolises once looked compared to how they look now, then read their incredible histories."--Back cover.

Planet Earth. Four elements. One incredible story. We take kids on a rollercoaster ride through history, geography and science to show how four elements - earth, fire, air and water - created the world and everything that exists today. Amazing facts, photography and illustrations bring our planet and its past to life in an exciting, engaging way.

Kids can discover the animal kingdom like never before in this beautiful encyclopedia, featuring over 100 incredible creatures, from the grey wolf and green anaconda, to the bald eagle and emperor penguin. Packed with facts and illustrations, it also explores our relationship with these animals and how we're affecting their lives and habitats.
