Download Free Management A Global And Entrepreneurial Perspective

The thoroughly revised and updated fifteenth edition of Management - A Global, Innovative and Entrepreneurial Perspective takes an international view of management. This book comprehensively covers the latest management advancements. Entrepreneurial and innovative perspectives of management are integrated throughout in this edition. Based on real-life business experiences and integration of theory with practice, this edition focuses on the professional development of its readers by providing exercises that encourage students to enhance their professional profile and network. Salient Features:

- Inclusion of professional development and global networking exercises
- Inclusion of exclusive interviews with leading executives to help students gain more professional insights
- Real-time examples from global, innovative, international, entrepreneurial, and leadership perspectives of management from leading companies such as Apple, Google, Facebook, Nissan, Boeing, Cisco, Netflix, General Motors, General Electric, and many others
- Case study with questions that ends each chapter
- Key ideas and Concepts for Review, For Discussion, Action Steps, and Internet Research in all chapters for better understanding

This new edition of Management continues to integrate theory and practice with a focus on global as well as entrepreneurial perspectives. With a good blend of examples from the America, Europe and Asia(Including India), this book will be the most suitable text book for the students and teachers of business management, and also a useful source of reference for practitioners in the field.

Combining robust narrative with a wide variety of interesting cases, International Entrepreneurship: Starting, Developing, and Managing a Global Venture shows how entrepreneurs can conduct business activities across national boundaries and succeed in today's hypercompetitive world. Robert Hisrich shows how entrepreneurs can develop the skills to identify opportunities and then manage these opportunities on a global basis. The Second Edition provides increased attention to culture, and reflects recent changes in our increasingly globalized world.

This book investigates, compares, and contrasts the theoretical and practical elements of business concepts and models that are acclimated to the dynamic changes of our modern era. Furthermore, it describes and analyzes the current cooperative interactions among firms, and evaluates the contribution of knowledge dynamics in cooptation.

The GCBME Book Series aims to promote the quality and methodical reach of the Global Conference on Business Management & Entrepreneurship, which is intended as a high-quality scientific contribution to the science of business management and entrepreneurship. The Contributions are the main reference articles on the topic of each book and have been subject to a strict peer review process conducted by experts in the fields. The conference provided opportunities for the delegates to exchange new ideas and implementation of experiences, to establish business or research connections and to find Global Partners for future collaboration. The conference and resulting volume in the book series is expected to be held and

appear annually. The year 2019 theme of book and conference is "Creating Innovative and Sustainable Value-added Businesses in the Disruption Era". The ultimate goal of GCBME is to provide a medium forum for educators, researchers, scholars, managers, graduate students and professional business persons from the diverse cultural backgrounds, to present and discuss their researches, knowledge and innovation within the fields of business, management and entrepreneurship. The GCBME conferences cover major thematic groups, yet opens to other relevant topics: Organizational Behavior, Innovation, Marketing Management, Financial Management and Accounting, Strategic Management, Entrepreneurship and Green Business.

A practical approach for entrepreneurs and investors Entrepreneurial Finance provides readers with the fundamental knowledge to finance, start, grow, and value new ventures, without the complex finance terms and calculations. This comprehensive yet practical approach incorporates a global perspective that appeals to entrepreneurs, investors, and students with diverse backgrounds, knowledge, and experience. From Facebook to Camera+, Gary Gibbons, Robert D. Hisrich, and Carlos M. DaSilva use real-world examples and their professional experiences to bring concepts to life. This text is one of the most readable books in the market without compromising high quality content and resources.

A fundamental process for a company to achieve stable growth levels over time in a highly competitive economy is the ability to improve, adapt, and overcome a variety of challenges, whether they be internally or externally based. Therefore, being capable of understanding how any operational changes or improvements impact consumers must likewise be taken into consideration. Entrepreneurial Innovation for Securing Long-Term Growth in a Short-Term Economy is a collection of innovative research on the methods and applications of corporate decision making on the overall success of a company in the long term. While highlighting topics including organizational values, trust management, and social entrepreneurship, this book is ideally designed for entrepreneurs, executives, business consultants, researchers, industry professionals, and students who want to improve their understanding of the strategic role of entrepreneurial innovation at different levels defined by globalized markets inserted into the information and knowledge society.
