Put your electric steamer to use like never before with *Cooking with Steam*. This is the original cookbook on electric steaming, and 20 years later it's still the bible of low-fat, full-flavor steamed food. Its hearty, delicious recipes will open your kitchen to a world of sublime flavors and nutritious meals. Some favorite recipes include Panzanella-Stuffed Artichokes with Porcini Mushrooms; Salmon with Quick Basil Oil; Shrimp with Black Beans and Mango; Soy-Orange Marinated Chicken Cutlets; and Duck Legs Steamed on a Bed of Thyme. For dessert try the irresistible Bittersweet Chocolate Pudding Cake or the Lemon Cheesecake. But perhaps best of all is the fact that all of these astounding dishes can be prepared quickly, with no mess or hassle. Using your electric steamer is as easy as can be. Just plug it in, add your choice of ingredients, set the timer, and walk away. There's no fussy temperature gauge to monitor, no need to worry about burning your food, and since everything happens inside the steamer, you're free to focus on other tasks while your dinner cooks—it's perfect for today's healthy, on-the-go lifestyle. And last but not least, what's not to love about the simple clean-up? No more scrubbing and scraping at burned saucepans, or overnight-soaking of casserole dishes, just a quick clean of the steamer basket before you get on with your evening. Steaming is an exciting and innovative technique for cooking meals that are both healthy and delicious. Revealing subtle flavors in your ingredients that are often masked by other fat-heavy preparations, steaming your food will provide you with astonishingly bright, clean-tasting meals, unattainable with any other cooking method. It's also a great way to highlight and preserve the freshness of your ingredients for a broad-range of easy and fulfilling dishes. Complete with timing charts and brand comparisons, *Cooking with Steam* is a comprehensive guide to delicious steamed meals for all occasions.

Written by a professional dog whisperer and dog owner, the *Gerberian Shepsky Complete Owner's Manual* has the answers you may need when researching this designer dog that is half German Shepherd and half Siberian Husky. Learn about this active canine that was likely originally developed to produce a friendly companion and find out whether this highly intelligent and energetic dog will be the best choice for you and your family. Learn everything there is to know, including little known facts and secrets and how to care for every aspect of the Gerberian Shepsky's life. This manual contains all the information you need, from birth to the Rainbow Bridge, including transitioning through house breaking, care, feeding, training and end of life, so that you can make a well-informed decision about whether or not this dog is the breed for you. If you already have a Gerberian Shepsky, this book will teach you everything you need to know to make your dog a happy dog and to make you a happy dog owner. The author George Hoppendale is an experienced writer and a true animal lover. He enjoys writing animal books and advising others how to take care of their animals to give them a happy home. Co-Author Asia Moore is a professional Dog Whisperer, Cynologist and Author, living on Vancouver Island, off the west coast of British Columbia, in Canada, who believes that all humans and dogs can live together in harmony. She and her dog whispering team, which includes an 8-year-old Shih Tzu named Boris, teach dog psychology to humans, to help alleviate problem behaviors that arise between humans and their canine counterparts so that everyone can live a happy and stress-free life together. Covered in this book: - Bad treats and snacks - Before you buy - Caring for your aging dog - Choosing the right dog - Daily care - Feeding - Finding a breeder - Good treats and snacks - Grooming - Health and common health problems - House training - Medical care & safety - Poisonous Foods & Plants - Pros and Cons - Puppy proofing your home - Temperament - The first weeks - Training - Vital statistics .... and much more.

Beatrice Ojakangas, an authority on convection cooking and author of more than two dozen previous cookbooks, explains how to use your convection oven to achieve perfect results in dramatically less time than with a conventional oven. If you own a convection oven, but don't really know how to use it, this book is for you. Cooking with Convection supplies more than 150 great recipes for snacks and appetizers; pizza and foccacia; soups; roast beef, lamb, pork and poultry; savory pies and tarts; casseroles and pasta; vegetables; yeast breads and quick breads; cakes, cookies, pies, and pastries; and much, much more. Try Melted Onion Tart with Parmigiano-Reggiano, Mexican Vegetable Tortilla Soup, Tandoori Salmon with Cucumber Sauce, Asian Spiced Roast Whole Chicken, and Cocoa Cake with Easy Buttercream Frosting, among so many imaginative and easy dishes. You will learn: \*How to cook a whole meal in your oven—from meat to side dishes to dessert—all at the same time \*How to cook multiple batches of cookies, cakes, and pies on three or even four oven shelves \*How to roast and bake in a third less time than in a conventional oven while achieving even better results \*How to calculate the correct temperature and timing for convection cooking if you are using a standard recipe By circulating hot air around food, convection ovens cook and brown food much more quickly and at a lower temperature than conventional ovens, while retaining food's natural juiciness and flavor. With this book you will be able to save significant amounts of time and effort while turning out delicious dishes for everyday meals and easy entertaining.

Written by a professional dog whisperer and dog owner, the Poochon Complete Owner's Manual has the answers you may need when researching this hybrid dog that is half Poodle and half Bichon. Learn about this friendly and loving dog and find out whether or not this fun-loving small companion will be the best choice for you and your family. Learn everything there is to know, including little known facts and secrets and how to care for every aspect of the Poochon's life. This manual contains all the information you need, from birth to the Rainbow Bridge, including transitioning through house breaking, care, feeding, training and end of life, so that you can make a well-informed decision about whether or not this dog is the breed for you. If you already have a Poochon, this book will teach you everything you need to know to make your dog a happy dog and to make you a happy dog owner. The author George Hoppendale is an experienced writer and a true animal lover. He enjoys writing animal books and advising others how to take care of their animals to give them a happy home. Co-Author Asia Moore is a professional Dog Whisperer, Cynologist and Author, living on Vancouver Island, off the west coast of British Columbia, in Canada, who believes that all humans and dogs can live together in harmony. The Parrotlet, or Pocket Parrot, is indigenous to regions of Central and South America, Mexico, and the Caribbean Islands. Their natural habitats are diverse, ranging from forests to semi-arid regions. They are the smallest parrot species in the world and are characterised by their beautiful plumage and big personalities! This book will introduce you to the various species of these pint-sized parrots by discussing their appearance and biology, typical behaviour, reproduction and breeding, their feeding needs, socialisation and bonding, how to (try to) train them, and what makes these feathery bundles of energy entertaining and unique. It will also tell you what you need to know in order to decide whether or not this is the pet for you and, if it is, where to buy one, how to select your bird or birds, what you need to buy before you bring it home, and how to take proper care of it. The owner must know what Parrotlets require with regards to their environment. The cage and the necessary equipment is examined in this book as these all impact on the health and happiness of captive birds, especially active and intelligent ones like these. The Parrotlet is susceptible to the same bacterial, viral, parasitic and fungal infections and infestations that other birds may contract. Anyone who is serious about owning one needs to know what to look for and how to deal with common conditions. There is also information about diseases one can catch from a parrot. Covered in this book: - Appearance - Basics - Behaviour - Biology - Bonding - Buying - Cages - Costs - Different types - Diseases - Environment - Feeding - Health - Hygiene - Personality - Reproduction - Settling in - Socialisation - Training .... and much more
