Other Tongues, Other Flesh is a book about alien contactees. George Hunt Williamson was a pioneering UFO researcher. He invented the concept of 'walk-ins,' who he called 'The Wanderers.' Walk-ins are normal humans who are actually (unknown to themselves) reincarnated 'Space Brothers.' Williamson also worked with George Adamski, another UFO pioneer.

Because many believe there are contradictions in some of the reported happenings, it has been necessary to show that there is a great story and purpose behind all these experiences. Here, in this book, is the history of other tongues, and of other flesh; calm, scientific evidence that there are brothers of ours in the skies overhead.

Other Tongues-Other Flesh by George Hunt Williamson. George Hunt Williamson was a pioneering UFO researcher who developed many of the themes of modern UFOology. Williamson invented the concept of 'walk-ins,' who he called 'The Wanderers.' Walk-ins are normal humans who are actually (unknown to themselves) reincarnated 'Space Brothers.'

'IN MY HOUSE THERE ARE MANY MANSIONS, ' JESUS STATED. NOW HERE IS THE PROOF! "Evidence has accumulated that there are people on earth that don't really belong here!" George Hunt Williamson, author of OTHER TONGUES OTHER FLESH stated as early as 1955. This doesn't mean they came here aboard a flying saucer, disembarked, put on a tweed suit, polished up their earthly languages and moved into the house next door. It does mean, however that there is a special class or order of beings in the Universe that are different from us because of the fact that they must wander from one world to another, and from place to another. They are the "chimney sweeps" of creation. It is their specific job to be the "trash cans" of the Universe and aid their fellow man on these backward worlds." They come in many disguises. . . Most are friendly. A few are NOT! They include: THE WANDERERS THE MIGRANTS THE PROPHETS THE HARVESTERS THE AGENTS THE INTRUDERS THE GUESSERS In OTHER TONGUES OTHER FLESH REVISITED Williamson deciphers the strange symbols left from a depression of the bottom of the spaceman's shoes in the soil from which a plaster of paris cast was made on the spot. This is the famous George Adamski contact with Orthon in the desert which Williamson was the primary witness too this event. Here are SECRETS concerning the creating of life and the evolution of humankind entrusted to only a handful. And, although Williamson has passed on his legacy is vastly important. So much so that Alec Hidel in the Excluded Middle recently confided: "There can be no doubt that, by accident or design, Williamson and his various collaborators played an enormous part in shaping New Age thought in all its manifestations. Together they constituted the single most important occult group of the post-war era. Their influence is made all the more remarkable by the fact that it has seldom been acknowledged, or even perceived by other researchers in the field."

1954 George H. Williamson served with the Army Air Corps during World War II as Radio Director for the AAF Technical Training Command as a member of Headquarters Staff. He received the Army Commendation Award from Brig. Gen. C. W. Lawrence for his oust.

Working at the local processing plant, Marcos is in the business of slaughtering humans!though no one calls them that anymore. His wife has left him, his father is sinking into dementia, and Marcos tries not to think too hard about how he makes a living. After all, it happened so quickly. First, it was reported that an infectious virus has made all animal meat poisonous to humans. Then governments initiated the 1Transition.1 Now, eating human meat!special meat!is legal. Marcos tries to stick to numbers, consignments, processing. Then one day he's given a gift: a live specimen of the finest quality. Though he's aware that any form of personal contact is forbidden on pain of death, little by little he starts to treat her like a human being. And soon, he becomes tortured by what has been lost!and what might still be saved.

Words have played a vital role since the beginning of time. In the book of Genesis, God created the world and everything in it with His words. Today, as believers, we have the same God-like ability to speak those things which be not as though they were. Through God's Word, Kenneth Copeland reveals the Bible secret of words and the vital importance of using the tongue to create rather than destroy.

In more recent times, there has been a growing realization that on other worlds than ours, even in other universes, there are other living beings. The idea that earthbound man may someday journey into the heavens to discover other men and women, like or unlike himself, "grows by leaps and bounds. Within man's soul lies the truth--mortals exist on other spheres!" Here is a book that brings home this tremendous fact with a dynamic force and sweep that will astound the reader, and convince him beyond all doubt. Here is a history, a collection of proof, and a tremendous theory.

Originally published in 1984, this dystopian trilogy!a pioneering feminist experiment!is a testament to the power of language and women's collective action (Literary Hub). In 2205, the 19th Amendment has long been repealed and women are only valued for their utility. The Earth's economy depends on an insular group of linguists who "breed" women to be perfect interstellar translators until they are sent to the Barren House to await death. But instead, these women are slowly creating a language of their own to make resistance possible. Ignorant to this brewing revolution, Nazareth, a brilliant linguist, and Michaela, a servant, both seek emancipation in their own ways. But their personal rebellions risk exposing the secret language, and threaten the possibility of freedom for all. 1This angry feminist text is also an exemplary experiment in speculative fiction, deftly and implacably pursuing both a scientific hypothesis and an ideological hypothesis through all their social, moral, and emotional implications.1 1Ursula K. Le Guin "A welcome reminder of the feminist legacies of science fiction. . . . Explores the power of speech, agency, and subversion in a work that is as gripping, troubling, and meaningful today as it has ever been." 1Publishers Weekly (starred review)

Why Do Isolated Creole Languages Tend to Have Similar Grammatical Structures? Bastard Tongues is an exciting, firsthand story of scientific discovery in an area of research close to the heart of what it means to be human!what language is, how it works, and how it passes from generation to generation, even where historical accidents have made normal transmission almost impossible. The story focuses on languages so low in the pecking order that many people don't regard them as languages at all!Creole languages spoken by descendants of slaves and indentured laborers in plantation colonies all over the world. The story is told by Derek Bickerton, who has spent more than thirty years researching these languages on four continents and developing a controversial theory that explains why they are so similar to one another. A published novelist, Bickerton (once described as "part scholar, part swashbuckling man of action") does not present his findings in the usual dry academic manner. Instead, you become a companion on his journey of discovery. You learn things as he learned them, share his disappointments and triumphs, explore the exotic locales where he worked, and meet the colorful characters he encountered along the way. The result is a unique blend of memoir, travelogue, history, and linguistics primer, appealing to anyone who has ever wondered how languages grow or what it's like to search the world for new knowledge.

Storm Constantine's first novel, expanded and re-edited from the original 1980s edition, with extra appendices and chapter heading illustrations. New edition 2007. "Terror hung in the air like the foul-smelling smoke from a gutted house, where people have been burned alive inside. I could feel it. "Wraeththu. I shiver to say the word. Something has happened to them. Where did they come from? How did it happen? Why is it spreading like a plague? "I have seen. I have seen what they do. I have seen their faces. They always take their dead with them, always. There is a secret. Dont you understand? A secret. Wraeththu are not what they seem. They are more than they seem." Ground-breaking when they first appeared, the Wraeththu Chronicles chart the history of a new race of hermaphrodite beings who come to replace humanity on Earth. Daring, erotic and magical, these editions include deleted scenes', which have now been restored and expanded. The book also includes new chapter heading illustrations by acclaimed fantasy artist, Ruby.
