See What I'm Saying, which premieres March 18 at the Egyptian Theatre in Los Angeles, follows a year in the lives of four deaf entertainers--comedian CJ Jones, drummer Bob Hilterman, singer TL Forsberg and actor Robert DeMayo--as they struggle to nudge their ways into mainstream media and gain recognition for their talents. This is a community of people that is widely overlooked, Scarl says, and, more importantly, largely misunderstood.

# Get Free See What Im Saying The Extraordinary Hilari Scarl as an independent production company specializing in film, television and theatre.

The author explores the astonishing abilities of humans' five senses, abilities that people rarely detect in day-to-day life, from a blind person that can "see" through bat-like echolocation to pheromones that can signal a lover's compatibility. Reprint.

Is your child in good emotional health? Myra Levick, Ph.D., says the answer can be seen in how and what your child draws. A recognized expert in the field of art therapy, Dr. Levick discusses what children communicate through their art and gives practical tools for assessing their intellectual and emotional development.

# Get Free See What I'm Saying The Extraordinary Humor of Our Five Senses

Human beings rarely say exactly what they mean. The English language has evolved to embrace a dizzying array of linguistic tools that invite playful minds to introduce ambiguity and innuendo—and hilarity—into common parlance. In *See What I'm Saying?* Jim Westergard does just that, illustrating idioms with a series of exquisitely detailed engravings.

Through these images, Westergard will insist you 'keep an open mind' and admonish you not to 'turn a blind eye' to the origin and evolution of colloquialisms. His visual interpretations are truly as 'rare as hens' teeth', as he might suggest himself—or he'll be 'a monkey's uncle'.

Standing at that magical place where sand meets sea, you likely have imagined putting a message in a bottle, consigning it

# Get Free See What Im Saying The Extraordinary Power Of Our Five Senses

to the waves, hoping it might some day reach another shore, and then not only be read but, incredibly across space and time, make a difference in other lives now connected to your own. It has happened to me, and I must sing of it. In the autumn of 1966 I let the waves carry off a poem—passed around to students, family and friends, no need for even my name on it. Its message was simple: Keep heart, you are not alone; love, stronger than strong walls, will come, helping your heart in hiding grow wings, feeble perhaps at first, but wings! Word astoundingly began to come back in 1969, and has continued since, that “Please Hear What I’m Not Saying” was indeed reaching other shores, across space and time was indeed making a difference in other lives. What follows attests to the power of words from the heart to touch other hearts, sometimes even to change other lives. Read on. You,

# Get Free See What Im Saying The Extraordinary too, will sing of it.

The New York Times best-selling book exploring the counterproductive reactions white people have when their assumptions about race are challenged, and how these reactions maintain racial inequality. In this “vital, necessary, and beautiful book” (Michael Eric Dyson), antiracist educator Robin DiAngelo deftly illuminates the phenomenon of white fragility and “allows us to understand racism as a practice not restricted to ‘bad people’” (Claudia Rankine). Referring to the defensive moves that white people make when challenged racially, white fragility is characterized by emotions such as anger, fear, and guilt, and by behaviors including argumentation and silence. These behaviors, in turn, function to reinstate white racial equilibrium and prevent any meaningful cross-racial dialogue. In this in-

# Get Free See What Im Saying The Extraordinary Depth Of Our Five Senses

depth exploration, DiAngelo examines how white fragility develops, how it protects racial inequality, and what we can do to engage more constructively.

A psychologist and art therapist provides practical guidelines to help parents and teachers understand the meaning of children's artwork in terms of an indicator of emotional and physical development

"I'm Not Saying, I'm Just Saying," a novel in flash fiction, is a raw, honest look at parenting, commitment, morality, and the spaces that grow between and within us when we don't know what to say. In these 115 titled chapters, a man, who learns he has a 5-year-old son, is caught between the life he knows and a life he may not yet be ready for. This is a book that tears down the boundaries in relationships, sentences, origin and identity, no matter how quickly

# Get Free See What Im Saying The Extraordinary Powers Of Our Five Senses

its narrator tries to build them up.

"Matthew Salesses' "I'm Not Saying, I'm Not Saying" is an absolute stunner of a novel. Told in short, sharp vignettes with prose that is taut, yet overflowing with meaning, this is the story of a year in the life of a complex and haunted, cobbled together family. The beauty of Salesses' writing here lies in his fearlessness, the emotional blows to the heart and head and gut he's willing to deliver, as if to say: This, this is life And we are all, in one way or another, survivors." -Kathy Fish, author of "Together We Can Bury It" "Matthew Salesses has written an extraordinary and startlingly original novel that explores connection and disconnection, the claims and limitations of the self, and the shifting terrain of truth. Poetic, unforgettable, shot through with fury and yearning, "I'm Not Saying, I'm Just Saying" captures in clear and chilling flashes our capacity for the

# Get Free See What Im Saying The Extraordinary

cruelty and tenderness of love." -Catherine Chung, author of "Forgotten Country" "In Matt Salesses's smart novel-in-shorts, a newly-minted father flees telling his own story by any means necessary-by sarcasm, by denial, by playful and precise wordplay-rarely allowing space for his emerging feelings to linger. But the truth of who we might be is not so easily escaped, and it is in the accumulation of many such moments that our narrator, like us, is revealed: both the people we have been, and the better people we might be lucky enough to one day hope to become." -Matt Bell, author of "In the House upon the Dirt between the Lake and the Woods" ""I'm Not Saying, I'm Just Saying" renders the messiness of life, family, love in its myriad complex forms-romance lost and found, blood ties, squandered, unrequited-via 115 micro-stories that add up to a pointillist masterpiece." -Marie Myung-Ok

# Get Free See What Im Saying The Extraordinary Power Of Our Five Senses

Lee, author of "Somebody's Daughter"  
"Through a series of provocative, beautiful, and at times, brutally raw shorts, Matthew Salesses creates a complex, vulnerable portrait of modern fatherhood and masculinity. Narrated by our seemingly reckless, yet hyper-observant narrator, these vignettes build with tension and trepidation, until we, like the members of this reluctant, fractured family, realize the weight, burden and comfort that only comes from finally belonging." -Aimee Phan, author of "The Reeducation of Cherry Truong"

Discusses how to address unsatisfactory aspects of life by recognizing opportunities for fulfillment, becoming independent, and overcoming innate psychological obstacles to healthy change.

A fresh argument for rioting and looting as

# Get Free See What Im Saying The Extraordinary Power Of Our Five Senses

our most powerful tools for dismantling white supremacy Looting--a crowd of people publicly, openly, and directly seizing goods--is one of the more extreme actions that can take place in the midst of social unrest. Even self-identified radicals distance themselves from looters, fearing that violent tactics reflect badly on the broader movement. But Vicky Osterweil argues that stealing goods and destroying property are direct, pragmatic strategies of wealth redistribution and improving life for the working class--not to mention the brazen messages these methods send to the police and the state. All our beliefs about the innate righteousness of property and ownership, Osterweil explains, are built on the history of anti-Black, anti-Indigenous oppression. From slave revolts to labor strikes to the modern-day movements for climate change, Black lives, and police abolition, Osterweil makes a convincing

# Get Free See What Im Saying The Extraordinary Powers Of Our Five Senses

case for rioting and looting as weapons that bludgeon the status quo while uplifting the poor and marginalized. In Defense of Looting is a history of violent protest sparking social change, a compelling reframing of revolutionary activism, and a practical vision for a dramatically restructured society.
