The brunt of taxation in the UK is borne by owner-managed trading and investment businesses. For many of these, tax is by far their biggest overhead. On top of this, taxation is becoming ever more complex: never has it been more important for businesspeople to have access to sound tax advice from an acknowledged specialist. Tax expert Alan Pink offers a comprehensive set of strategies to reduce tax liabilities on businesses. He considers the full range of types of tax – taxes on profits (such as income tax, corporation tax and National Insurance contributions);capital taxes (such as capital gains tax and inheritance tax);and VAT. Throughout the book handy lists of action points are provided for practical tax planning. Current rates of tax and allowances are also listed. The rewards of tax planning are huge. This book will help hard-pressed businesses and investors play the tax game by the rules – and still win.

Clear, comprehensive advice from an intellectual property lawyer addresses the full range of legal protections available to artists, inventors, and small business owners, including patents, copyrights, trademarks, trade secrets, and licensing. Original.

Success, failure, joy, pain, and rejection. Neil Senturia shares the ups and downs of his entrepreneurial life and how the lessons learned along his journey can be applied to all of our lives. The book reads like Neil talks (with the occasional four letter word!) so be prepared for a humorous and insightful read. Two hundred and twenty three of his Baby Rules are included here, and youll have to wait for Volume 2 for the rest.

How to attract the venture capital needed to grow any business Venture Capital teaches entrepreneurs and small business owners everything they need to know about finding the venture capital they need to grow their businesses. Based, in large part, upon in-depth interviews with major players in the venture capital arena--including money managers as well as entrepreneurs who have dealt with them successfully--it provides powerful pointers on how to make a business attractive to venture capitalists, how to protect yourself in negotiating an agreement, how to manage a relationship with venture capitalists once a deal is signed, and much more. Perhaps most importantly, the reader learns what makes venture capitalists tick and sees things through a venture capitalist's eyes. Joel Cardis, Esq. (Blue Bell, PA), consults both Fortune 500 companies and small businesses on an array of venture and start-up issues. Hildy Richelson, PhD (Scarsdale, NY), is President of the Scarsdale Investment Group, Ltd.

It doesn't matter how old you are or where you're from; you can start a profitable business. The Young Entrepreneur's Guide to Starting and Running a Business will show you how. Through stories of young entrepreneurs who have started businesses, this book illustrates how to turn hobbies, skills, and interests into profit-making ventures. Mariotti describes the characteristics of the successful entrepreneur and covers the nuts and bolts of getting a business up, running and successful.

Tax-Free Wealth is about tax planning concepts. It ' s about how to use your country ' s tax laws to your benefit. In this book, Tom Wheelwright will tell you how the tax laws work. And how they are designed to reduce your taxes, not to increase your taxes. Once you understand this basic principle, you no longer need to be afraid of the tax laws. They are there to help you and your business—not to hinder you. Once you understand the basic principles of tax reduction, you can begin, immediately, reducing your taxes. Eventually, you may even be able to legally eliminate your income taxes and drastically reduce your other taxes. Once you do that, you can live a life of Tax-Free Wealth.

The Payroll Book is the only book that demystifies payroll with clear, concise, and real-world examples on how to tackle the process. "The Payroll Book will be a valuable resource for the small business owner as well as for the entrepreneur planning a new venture. Thorough, well-organized, and thoughtfully written, this practical guide is an essential tool for managing the payroll process." —Marilyn K. Wiley, Dean, College of Business, University of North Texas "Failing to comply with the withholding, tax remittance, and report filing requirements in handling business payroll carries a high cost. Charles' book will guide entrepreneurs through the minefields of payroll processing and reporting in language that business owners can understand. Whether you already own or are planning to start your own business, The Payroll Book is an essential tool." —James A. Smith, Past President and Chairman, Texas Society of CPAs "If accounting is something you have not paid keen attention to in your startup, then this book can demystify the whole thing for you and then some! Logically set-up and highly practical in its approach! I highly recommend this book for any startup, entrepreneur, and, frankly, anyone thinking about starting a business. That said, if you already started a business it's just as important—this is a must-read!" —Hubert Zajicek, CEO, Co-founder and Partner, Health Wildcatters "Wow! This is the most comprehensive book of its kind. I have worked in payroll for over 25 years, and I would recommend this book as a reference to anyone who has a hand in payroll. From the novice just entering the field to the seasoned veteran, there is something in this book for everyone." —Romeo Chicco, President, PayMaster

"Insight, hope, and strategies for building a business and a family at the same time"--Jacket.
