Ray Bradbury, the undisputed Dean of American storytelling, dips his accomplished pen into the cryptic inkwell of noir and creates a stylish and slightly fantastical tale of mayhem and murder set among the shadows and the murky canals of Venice, California, in the early 1950s. Toiling away amid the looming palm trees and decaying bungalows, a struggling young writer (who bears a resemblance to the author) spins fantastic stories from his fertile imagination upon his clacking typewriter. Trying not to miss his girlfriend (away studying in Mexico), the nameless writer

steadily crafts his literary effort--until strange things begin happening around him. Starting with a series of peculiar phone calls, the writer then finds clumps of seaweed on his doorstep. But as the incidents escalate, his friends fall victim to a series of mysterious "accidents"--some of them fatal. Aided by Elmo Crumley, a savvy, street-smart detective, and a reclusive actress of yesteryear with an intense hunger for life, the wordsmith sets out to find the connection between the bizarre events, and in doing so, uncovers the truth about his own creative abilities.

All her heroines find love in the end-but is there love waiting for Jane? Jane Austen spends her days writing

and matchmaking in the small countryside village of Steventon, until a ball at Godmersham Park propels her into a new world where she yearns for a romance of her own. But whether her heart will settle on a young lawyer, a clever Reverend, a wealthy childhood friend, or a mysterious stranger is anyone's guess. Written in the style of Jane herself, this novel ponders the question faced by many devoted readers over the years- did she ever find love? Weaving fact with fiction, it re-imagines her life, using her own stories to fill in the gaps left by history and showing that all of us- to a greater or lesser degree- are head over heels for Jane.

The story of a diabolical carnival that wreaks havoc on the lives of the people of a small Illinois town, much like the one in which Bradbury grew up.

Ray Bradbury, America's most beloved storyteller, has spent a lifetime carrying readers to exhilarating and dangerous places, from dark street comers in unfamiliar cities and towns to the edge of the universe. Now, in an extraordinary flight of the imagination a half-century in the making, he takes us to a most wondrous destination: into the heart of an Eternal Family. They have lived for centuries in a house of legend and mystery in upper Illinois -- and they are not like other

midwesterners. Rarely encountered in daylight hours, their children are curious and wild; their old ones have survived since before the Sphinx first sank its paws deep in Egyptian sands. And some sleep in beds with lids. Now the house is being readied in anticipation of the gala homecoming that will gather together the farflung branches of this odd and remarkable family. In the past-midnight stillness can be detected the soft fluttering of Uncle Einars wings. From her realm of sleep, Cecy, the fairest and most special daughter, can feel the approach of many a welcome being -- shapeshifter, telepath, somnambulist, vampire -- as she flies high in the consciousness of bird and bat. But in the midst of eager anticipation, a sense of doom

pervades. For the world is changing. And death, no stranger, will always shadow this most singular family: Father, arisen from the Earth; Mother, who never sleeps but dreams; A Thousand Times Great Grandm é re; Grandfather, who keeps the wildness of youth between his ears. And the boy who, more than anyone, carries the burden of time on his shoulders: Timothy, the sad and different foundling son who must share it all, remember, and tell...and who, alone out of all of them, must one day age and wither and die. By turns lyrical, wistful, poignant, and chilling, From the Dust Returned is the long-awaited new novel by the peerless Ray Bradbury -- a book that will surely be numbered among his most enduring masterworks.
