Navigating the Four Critical Seasons of Relationship The vast majority of young people will still pass through the key phases of singleness, dating, engagement and marriage in their twenties. Yet they are delaying marriage longer than any generation in human history. Why? For the first time in history, the average age for an American woman having her first child, 26, is younger than the average age of her first marriage, 27. More children than ever are growing up in fatherless homes, despite the overwhelming evidence that in every measurable way this is bad for the child. The Center for Disease Control also recently reported a dramatic rise in sexually transmitted disease nationwide. In Rhode Island alone, since the onset of online dating, reported cases of Syphilis has risen 79%, and HIV has increased by 33%. Though many young people can avoid early pregnancy and STDs, most cannot dodge the depression and feelings of isolation that characterize this modern generation. Studies show a dramatic rise in self-reported loneliness among the young. All of our technological connectivity has not made us feel more connected. In many ways, the very screens that are meant to link us to others have become shields blocking us from the deep intimacy we crave. Like a sailor on turbulent seas, we need to look up and see the North Star: the fixed points in the sky whereby we might navigate the objective realities in life. We need the skill-set to know how to journey through life and how to select the right people to journey alongside. In this book we will chart a course through the four relational phases that the vast

majority of human beings on the planet will pass through in their twenties: singleness, dating, engaged and married. In each of these phases, we will look at what eternal purposes should be pursued in each stage, and how to pursue them. SINGLENES: DEVOTION DATING: EVALUATION ENGAGED: UNIFICATION MARRIED: MISSION Our desires for intimacy are powerful. This power can be constructive or destructive. Our satisfaction and our safety will be ensured if we can aim these powerful desires toward divine purposes.

Let go of unhealthy relationships with the book that more than 850K people have trusted. Best-selling doctors, Hemfelt, Minirth, and Meier, walk you through their ten proven stages to recovery from codependency that results from external circumstances. Humans are susceptible to codependency because of our sinful tendency to use defense mechanisms to fool ourselves. In codependent relationships, deceitful games are played, and important Christian principles are often taken out of context and abused. God wants us to have healthy relationships with a balance between being dependent and independent. The doctors describe how the most effective means of overcoming codependent relationships is to establish or deepen a relationship with Christ Himself. They describe the causes of codependency, pointing out the factors that perpetuate it, and lead readers through their ten stages of recovery.
