The premise of "The Omega Conspiracy" is so outlandish as to not be considered seriously, until one begins to do a bit of research into humanity's ancient past. Whether one believes in a grand conspiracy, or not, the subject is a thought-provoking look into a subject much maligned until the turn of the 21st century.

Well, at least not in the last 150 years or so. In his youth his
father Asmodeus had used his alpha voice on him. It had
taken him decades to break free from his control and only
the help of alphas like Ragnor made it even possible to
deliver him out of his fathers claws.
