Parenting teens is one of the most challenging seasons of parenting, isn't it? While this can be a difficult time of transition for parents and teens, there is hope. You can parent well and build a stronger relationship even through the teen years. After 30 years of parenting five children and 20 years of working with teens, Connie Albers has witnessed the negative impact of well-intentioned but misguided parenting styles, all focused on managing teens rather than guiding them. But through learning to focus on the hearts of your teens, you can avoid those pitfalls and build relationships that last beyond the transition years as you intentionally learn about, connect with, and listen to your teens. In a world filled with distractions and devices, it is possible to guide their hearts and remain the primary influence in their lives. In *Parenting beyond the Rules*, you will discover how to raise a teen according to his or her strengths, talents, and personality type, as these things equip teens to manage life. Join Connie Albers in discovering practical solutions for every parent trying to raise a responsible, godly teenager.

Did you know there are five rules for parenting that are practical and easy to implement, and if you apply them consistently, you're able to not only correct the negative behavior that your child might be exhibiting but you can even prevent it from occurring in the first place? As a matter of fact, these rules are so important that almost 100 percent of the time any difficulty you might be experiencing in your parenting can be traced back to at least one or more of these rules being broken. This is why they're called the Golden Rules. Born from a simple prayer, Michele prayed after giving birth to her first child, asking God to show her what to do. The Legacy Parenting Class and the five Golden Rules of parenting taken from the class have already influenced and changed the way many parents interact with their children, bringing about amazing results. In this book, you'll discover the importance of: Equally balancing love with discipline Never rewarding bad behavior Always following through How you say something is as important as what you say Catching them being good Learning to apply these simple rules in your parenting will build confidence in you as you "train up your child in the way they should go," and it will help you to create a more peaceful home while you spend more time enjoying your kids and less time disciplining them. Comments from class participants: "Thank you so much for all of this information. This was the perfect time for us to hear all of this with our kids' ages. It has definitely changed our lives!"
