Based on an Athabascan Indian legend passed along for many generations from mothers to daughters of the upper Yukon River Valley in Alaska, this is the suspenseful, shocking, ultimately inspirational tale of two old women abandoned by their tribe during a brutal winter famine.

Based on an Athabascan Indian legend passed along for many generations from mothers to daughters of the upper Yukon River Valley in Alaska, this is the suspenseful, shocking, ultimately inspirational tale of two old women abandoned by their tribe during a brutal winter famine. Though these women have been known to complain more than contribute, they now must either survive on their own or die trying. In simple but vivid detail, Velma Wallis depicts a landscape and way of life that are at once merciless and starkly beautiful. In her old women, she has created two heroines of steely determination whose story of betrayal, friendship, community, and forgiveness "speaks straight to the heart with clarity, sweetness, and wisdom" (Ursula K. Le Guin).

Retells the Alaskan legend about two old women who are abandoned by their tribe during a migration in search of food

Wallis's award-winning, bestselling novel is about two elderly Native American women who must fend for themselves during a harsh Alaskan winter. Line drawings throughout.

When Hannah Breece came to Alaska in 1904, it was a remote lawless wilderness of prospectors, murderous bootleggers, tribal chiefs, and Russian priests. She spent fourteen years educating Athabascans, Aleuts, Inuit and Russians with the stubborn generosity of a born teacher and the clarity of an original and independent mind. Jane Jacobs, Hannah's great-niece, here offers an historical context to Breece's remarkable eyewitness account, filling in the narrative gaps, but always allowing the original words to ring clearly. It is more than an adventure story: it is a powerful work of women's history that provides important—and, at times, unsettling—insights into the unexamined assumptions and attitudes that governed white settlers' behaviour toward native communities at the turn of the century.

Describes a girl's coming of age with her twelve siblings in a two-room cabin in Fort Yukon, Alaska, fending for themselves after their father dies and their mother descends into depression and alcoholism.

With the publication of Two Old Women, Velma Wallis firmly established herself as one of the most important voices in Native American writing. A national bestseller, her empowering fable won the Western State Book Award in 1993 and the Pacific Northwest Booksellers Association Book Award in 1994. Translated into 16 languages, it went on to international success, quickly reaching bestseller status in Germany. To date, more than 350,000 copies have been sold worldwide. Bird Girl and the Man Who Followed the Sun follows in this bestselling tradition. Rooted in the ancient legends of Alaska's Athabaskan Indians, it tells the stories of two adventurers who decide to leave the safety of their respective tribes. Bird Girl is a headstrong young woman who learned early on the skills of a hunter. When told that she must end her forays and take up the traditional role of wife and mother, she defies her family's expectations and confidently takes off to brave life on her own. Daagoo is a dreamer, curious about the world beyond. Longing to know what happens to the sun in winter, he sets out on a quest to find the legendary "Land of the Sun." Their stories interweave and intersect as they each face the many dangers and challenges of life alone in the wilderness. In the end, both learn that the search for individualism often comes at a high price, but that it is a price well worth paying, for through this quest comes the beginning of true wisdom.

Esquimo and white culture collide in this national bestselling novel of life in the contemporary Alaskan wilderness: "A magnificently realized story" (New York Times Book Review). Ordinary Wolves depicts a life different from what any of us has known: Inhuman cold, the taste of rancid salmon shared with shivering sled dogs, hunkering in a sod igloo while blizzards moan overhead. But this is the only world Cutuk Hawcley has ever known. Born and raised in the Arctic, he has learned to provide for himself by hunting, fishing, and trading. And yet, though he idolizes the indigenous hunters who have taught him how to survive, when he travels to the nearby Inupiaq village, he is jeered and pummeled by the native children for being white. When Cutuk ventures into the society of his own people, two incompatible realities collide, perfectly capturing "the contrast between the wild world and our ravaging consumer culture". In a powerful coming of age story, a young man isolated by his past must choose between two worlds, both seemingly bent on rejecting him (Louise Erdrich). Winner of the Milkweed National Fiction Prize "As a revelation of the devastation modern America brings to a natural lifestyle, it's a tour de force and may be the best treatment of the Northwest and its people since Jack London's works."—Publishers Weekly, starred review

Nunavut tigummiun! Hold on to the land! It was just fifty years ago that the territory of Alaska officially became the state of Alaska. But no matter who has staked their claim to the land, it has always had a way of enveloping souls in its vast, icy embrace. For William L. Iggiagruk Hensley, Alaska has been his home, his identity, and his cause. Born on the shores of Kotzebue Sound, twenty-nine miles north of the Arctic Circle, he was raised to live the traditional, seminomadic life that his Inupiaq ancestors had lived for thousands of years. It was a life of cold and of constant effort, but Hensley's people also reaped the bounty that nature provided. In Fifty Miles from Tomorrow, Hensley offers us the rare chance to immerse ourselves in a firsthand account of growing up Native Alaskan. There have been books written about Alaska, but they've been written by Outsiders, settlers. Hensley's memoir of life on the tundra offers an entirely new perspective, and his stories are captivating, as is his account of his devotion to the Alaska Native land claims movement. As a young man, Hensley was sent by missionaries to the Lower Forty-eight so he could pursue an education. While studying there, he discovered that the land Native Alaskans had occupied and, to all intents and purposes, owned for millennia was being snatched away from them. Hensley decided to fight back. In 1971, after years of Hensley's tireless lobbying, the United States government set aside 44 million acres and nearly \$1 billion for use by Alaska's native peoples. Unlike their relatives to the south, the Alaskan peoples would be able to take charge of their economic and political destiny. The landmark decision did not come overnight and was certainly not the making of any one person. But it was Hensley who gave voice to the cause and made it real. Fifty Miles from Tomorrow is not only the memoir of one man; it is also a fascinating testament to the resilience of the Alaskan Iitqusiit, the Alaskan spirit.
