**Undress Me in the Temple of Heaven** is a cautionary tale of how not all backpacking trips end up as something you want to tell all your friends about when you get back home. Taking place in the mid 1980's on the cusp of mainland China opening up to independent travel, Gilman writes of the naivety of youth as she and one of her friends from University head out on a one-year trip round the world.

Known for her unique combination of humor and depth, Susan Jane Gilman is the New York Times bestselling author of five books – the nonfiction “Kiss My Tiara,” the memoirs “Hypocrite in a Pouffy White Dress,” and “Undress Me in the Temple of Heaven,” plus the novels “The Ice Cream Queen of Orchard Street” and her latest, “Donna Has Left the Building.”

"In her hardcover debut, bestselling author Susan Jane Gilman describes a very different kind of back-packing trip to China in which she and her college friend set out to conquer the world only to be conquered by it"--Provided by publisher.

From the author of Kiss My Tiara comes a funny and poignant collection of true stories about women coming of age that for once isn't about finding a date.

"An upside-down, funhouse treat. You'll lick it up." - USA Today In 1913, little Malka Treynovsky flees Russia with her family. Bedazzled by tales of gold and movie stardom, she tricks them into buying tickets for America. Yet no sooner do they land on the squalid Lower East Side of Manhattan when Malka is crippled and abandoned in the street. Taken in by an Italian ices peddler, she manages to survive through cunning and inventiveness. As she learns the secrets of his trade, she begins to shape her own destiny. She falls in love with a gorgeous, illiterate radical named Albert, and they set off across America in an ice cream truck. Slowly, she transforms herself into Lillian Dunkle, "The Ice Cream Queen" -- doyenne of an empire of ice cream franchises and a celebrated television personality. Yet Lillian Dunkle is nothing like the whimsical motherly persona she crafts for herself in the media. Conning, profane, and irreverent, she is a supremely complex woman who prefers a good stiff drink to an ice cream cone. And when her past begins to catch up with her, everything she has spent her life building will be at stake.

Irreverent, provocative, hip - this guide to power and attitude offers women an intelligent alternative to the negative messages we hear every day from magazines, TV and relatives. Gilman serves up advice on everything from sex to politics.

Made in America. Outsourced to India. At Home with Herself? A charming yet honest memoir of one Upper West side housewife who finds herself saying good-bye to Starbucks and all her notions of "home" when she and her husband are outsourced to Hyderabad. Jenny Feldon imagined life in India as a glitzy yoga whirlwind. Instead she found buffalo-related traffic jams. Jenny struggled to fight the depression, bitterness, and anger as her sense of self and her marriage began to unravel. And it was all India's fault—wasn't it? Equally frustrating, revealing, and amusing, this is the true story of an accidental housewife trapped in the third world.

The inspiring, true coming-of-age story of a ferociously determined young man who, armed only with his intellect and his willpower, fights his way out of despair. In 1993, Cedric Jennings was a bright and ferociously determined honor student at Ballou, a high school in one of Washington D.C.'s most dangerous neighborhoods, where the dropout rate was well into double digits and just 80 students out of more than 1,350 boasted an average of B or better. At Ballou, Cedric had almost no friends. He ate lunch in a classroom most days, plowing through the extra work he asked for, knowing that he was really competing with kids from other, harder schools, Cedric Jennings's driving ambition—which was fully supported by his forceful mother—was to attend a top college. In September 1995, after years of near superhuman dedication, he realized that ambition when he began as a freshman at Brown University. But he didn't leave his struggles behind. He found himself unprepared for college: he struggled to master classwork and fit in with the white upper-class students. Having traveled too far to turn back, Cedric was left to rely on his intelligence and his determination to maintain hope in the unseen—a future of acceptance and reward. In this updated edition, A Hope in the Unseen chronicles Cedric's odyssey during his last two years of high school, follows him through his difficult first year at Brown, and tells the story of his subsequent successes in college and the world of work. Eye-opening, sometimes humorous, and often deeply moving, A Hope in the Unseen weaves a crucial new thread into the rich and ongoing narrative of the American experience.

From the beloved New York Times bestselling author of Hypocrite in a Pouffy White Dress comes a hilarious, timely, and big-hearted novel about rebuilding life in the face of disaster. Forty-five-year-old Donna Koczynski is an ex-punk rocker, a recovering alcoholic, and the mother of two teenagers whose suburban existence detonates when she comes home early from a sales conference in Las Vegas to the surprise of a lifetime. As her world implodes, she sets off on an epic road trip to reclaim everything she believes she's sacrificed since her wild youth: Great friendship, passionate love, and her art. But as she careers across the U.S. from Detroit to New York to Memphis to Nashville, nothing turns out as she imagines. Ultimately, she finds herself resurrected on the other side of the globe, on a remote island embroiled in a crisis far bigger than her own. Irresistibly funny, whip-smart, and surprisingly moving, Donna Has Left the Building spins an unforgettable tale about what it means to be brave -- and to truly love -- in a tumultuous world.

They were young, brilliant, and bold. They set out to conquer the world. But the world had other plans for them. Bestselling author Susan Jane Gilman's new memoir is a hilarious and harrowing journey, a modern heart of darkness filled with Communist operatives, backpackers, and pancakes. In 1986, fresh out of college, Gilman and her friend Claire yearned to do something daring and original that did not involve getting a job. Inspired by a place mat at the International House of Pancakes, they decided to embark on an ambitious trip around the globe, starting in the People's Republic of China. At that point, China had been open to independent travelers for roughly ten minutes. Armed only with the collected works of Nietzsche, an astrological love guide, and an arsenal of bravado, the two friends plunged into the dusty streets of Shanghai. Unsurprisingly, they quickly found themselves in over their heads. As they ventured off the map deep into Chinese territory, they were stripped of everything familiar and forced to confront their limitations amid culture shock and government surveillance. What began as a journey full of humor, eroticism, and enlightenment grew increasingly sinister-becoming a real-life international thriller that transformed them forever. Undress Me in the Temple of Heaven is a flat-out page-turner, an astonishing true story of hubris and redemption told with Gilman's trademark compassion, lyricism, and wit.

Ten years in the works, a masterpiece of reportage, this is the definitive account of the Columbine massacre, its aftermath, and its significance, from the acclaimed journalist who followed the story from the outset. "The tragedies keep coming. As we reel from the latest horror . . ." So begins a new epilogue, illustrating how Columbine became the template for nearly two decades of "spectacle murders." It is a false script, seized upon by a generation of new killers. In the wake of Newtown, Aurora, and Virginia Tech, the imperative to understand the crime that sparked this plague grows more urgent every year. What really happened April 20, 1999? The horror left an indelible stamp on the American psyche, but most of what we "know" is wrong. It wasn't about jocks, Goths, or the Trench Coat Mafia. Dave Cullen was one of the first reporters on scene, and spent ten years on this book-widely recognized as the definitive account. With a keen investigative eye and psychological acumen, he draws on mountains of evidence, insight from the world's leading forensic psychologists, and the killers' own words and drawings-several reproduced in a new appendix. Cullen paints raw portraits of two polar opposite killers. They contrast starkly with the flashes of resilience and redemption among the survivors. Expanded with a New Epilogue
