The Simple Guide to Home Electronics helps the average person navigate the bewildering array of choices in the ever-changing world of home electronics that impact our day to day lives. A wide variety of topics from lightbulbs to the Internet, TV, Telephone, Cameras, and the Internet of Things (IoT) are explained without all the tech savvy jargon. Each chapter begins with a general overview and practical advice followed by more in-depth information that will give you an understanding of the type of products available and how they work. If you have ever considered disconnecting your cable TV, a smart thermostat or turning on the lights with a voice activated product, then this book is for you. The author's light conversational style along with his own engaging stories, humor and points of view make these complex topics easy to understand. The information is presented in free-standing independent chapters that can referenced over and over again as you replace and update the technology in your home.

This comprehensive textbook provides a thoughtful introduction to both the legal and ethical considerations relevant to students pursuing careers in communication and media. The fully revised, sixth edition continues to integrate fundamental legal and ethical principles with cases and examples from both landmark moments and recent history. It expands upon the previous edition's exploration of international and non-U.S. law, introduces a new chapter on digital and social media, and incorporates discussion of new technologies and media throughout its coverage of core topics such as privacy, intellectual property, defamation and commercial speech. Coverage of recent court cases and congressional hearings brings readers up to date on the evolving discussion surrounding Facebook, Twitter and today's other major online players. This hybrid textbook is ideal for undergraduate and graduate courses in media and communication that combine law and ethics. Online resources including chapter PowerPoint slides, study guides and sample teaching materials are available at www.routledge.com/cw/moore

Artists, this ebook contains tips and cover letters for you to use as guides for making your own art submissions, in any media, to art galleries, art museum curators, art consultants, art licensing agencies, interior design agencies, art magazine editors, art poster companies, book jacket publishers, potential art sponsors, multi-opportunity submissions, and more, to create opportunities and income streams to support your art practice. The purpose of this ebook is to save you time- not just on a daily basis, but to save you months and years of trial and error. The letter formats are tried and have brought results for artists. The sample letters here are based on actual letters that I wrote and used to obtain solo exhibitions, lucrative art licensing contracts, representation with top artist agencies, and representation by art consultants for lucrative Giclee print sales internationally. So why not get started using this e-book and send off submissions to art professionals on your prospect list? If you lack professional contacts, the ebook contains information for obtaining lists.
