Coverage includes the Windows 10 November 2019 released update, along with great tips and tricks.

Windows 98 For Dummies won't try to turn you into a Windows wizard, but you'll pick up a few chunks of useful computing information while reading it. Instead of becoming a Windows 98 expert, you'll know just enough to get by quickly, cleanly, and with a minimum of pain so that you can move on the more pleasant things in life. This easy-to-understand guide is for those who are yearning to Conquer Windows 98 basics Personalize your PC Send and receive e-mail Get more out of the Web Have fun with audio and video Deal with common problems and aggravations Something in Windows 98 will eventually leave you scratching your head. No other program brings so many buttons, bars, and babble to the screen. When something in Windows 98 has you stumped, use this book as a reference. You won't find any fancy computer jargon in these pages. Instead, you'll find subjects like these, discussed in plain old English: Preparing your computer to run Windows 98 Finding the file you saved yesterday Moving those little windows around on the screen with the mouse Running your favorite old programs under Windows 98 Performing chores in Windows 98 that you used to do in older versions of Windows Figuring out which of the many Windows versions you're using There's nothing to memorize and nothing to learn. Just turn to the right page, read the brief explanation, and get back to work. Unlike other books, this one enables you to bypass any technical hoopla and still get your work done.

Laptops have often been seen as the domain mainly of students and businessmen. However, they are also an excellent option for senior users: their mobility means that they can be used in any location and with the advent of wireless technology they can be used in a variety of public places to surf the Web or keep in touch with family and friends. Laptops for Seniors in easy steps is updated to cover Windows 10 (Microsoft's latest operating system) and shows how these portable computers are ideal for seniors. Laptops for Seniors in easy steps – Windows 10 edition, shows how to: Choose the right laptop for you, use and personalize the Windows interface to suit you; Find, download and explore apps for having fun as well as for functional tasks Get connected and enjoy Microsoft Edge, the new web browser from Microsoft Master Cortana and Windows 10 essentials Share your laptop without compromising privacy Use your laptop to make travel easy and keep your folks at home updated on your adventure Learn to troubleshoot common problems and keep your laptop working in tiptop condition all in easy steps, for smart learning!
